**Blasphemy
Against the
Holy Ghost**

I don't think that's
what's happening

Because one
powerful
wavelength

is coming
closer and
closer...

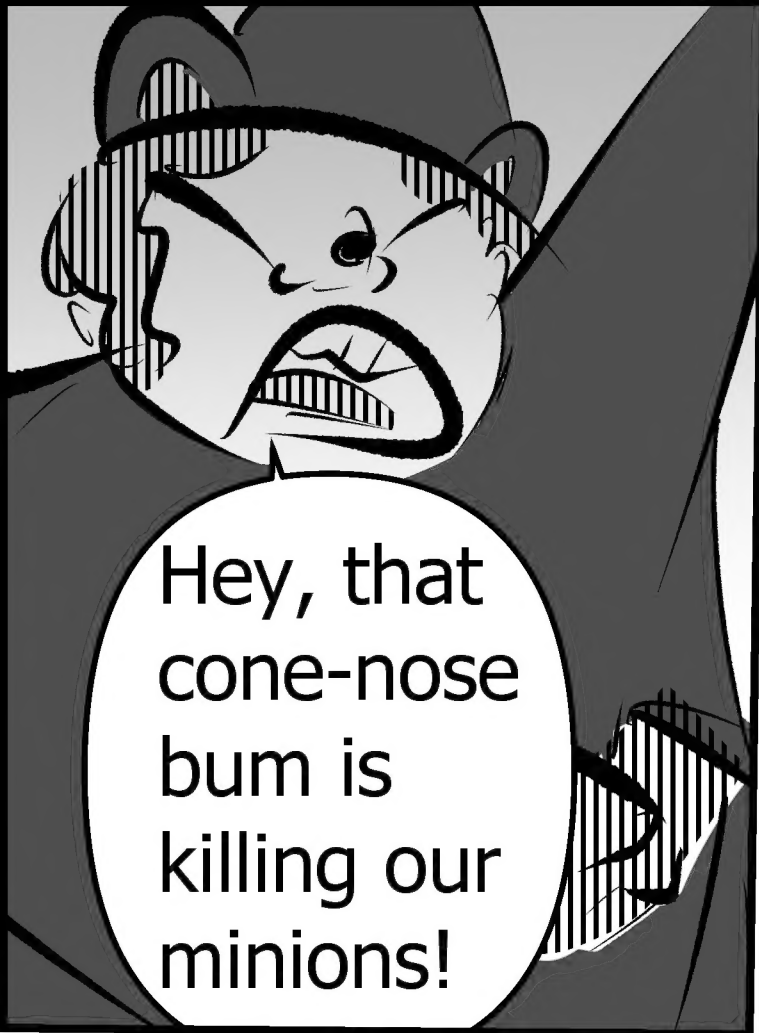

Ah...

step

step

Soon
Mistress,
soon...

I will make
them reimburse
you, indeed...

Hey, that
cone-nose
bum is
killing our
minions!

Ohoho, he
is indeed...

What's so funny,
remembered an
obvious overplayed
innuendo from oney of
your raunchy 2000s
comedies?!

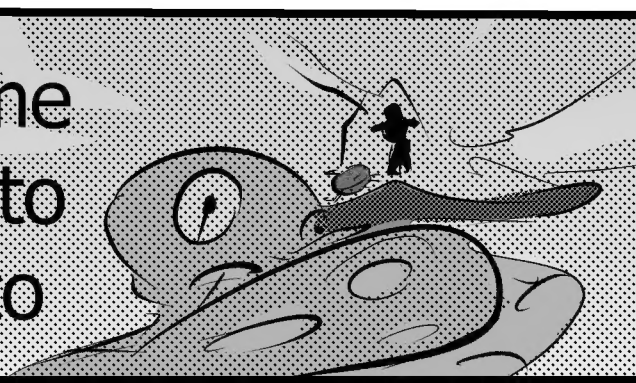

Maybe that
too, but-

Mainly your
ignorance

We witches are
few in number
yet superior than
the masses, right?

The same
applies to
Mosquito

These anemic
haunted-house
rejects will be
more useful as
blood to fuel him

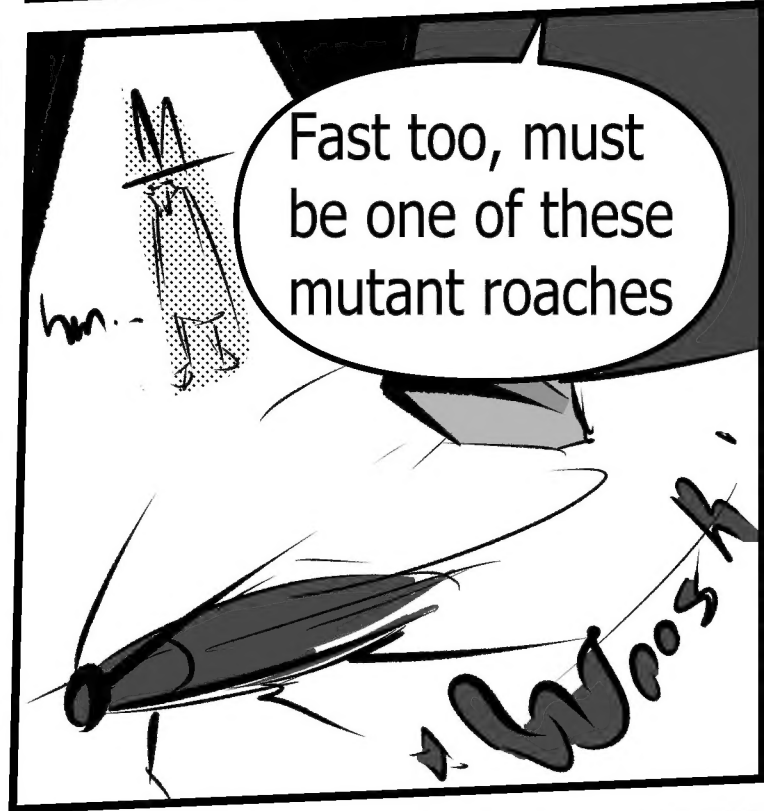

He will crush them like- eh- this cockroach!

And after that we can just get more henchman-

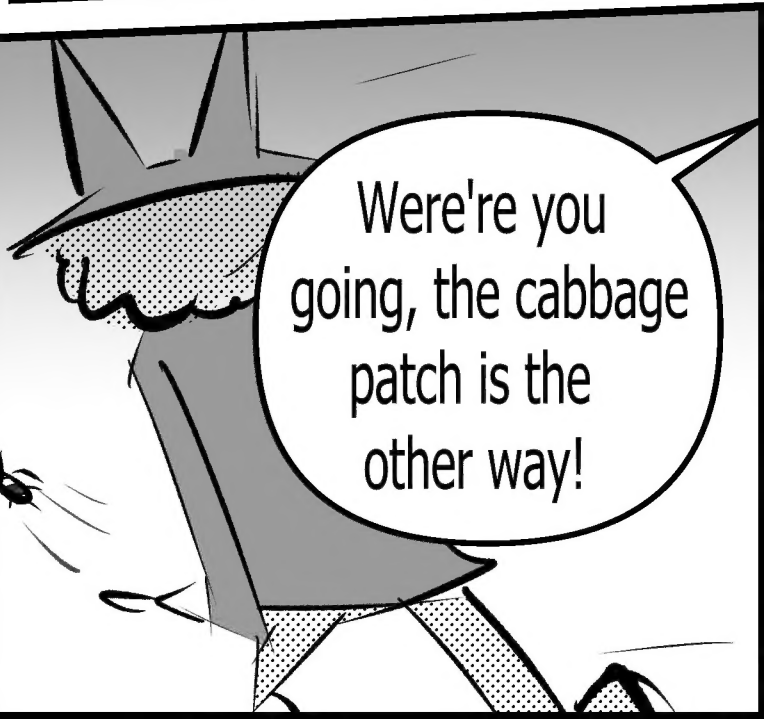

Huh, did those diet pills work after all?

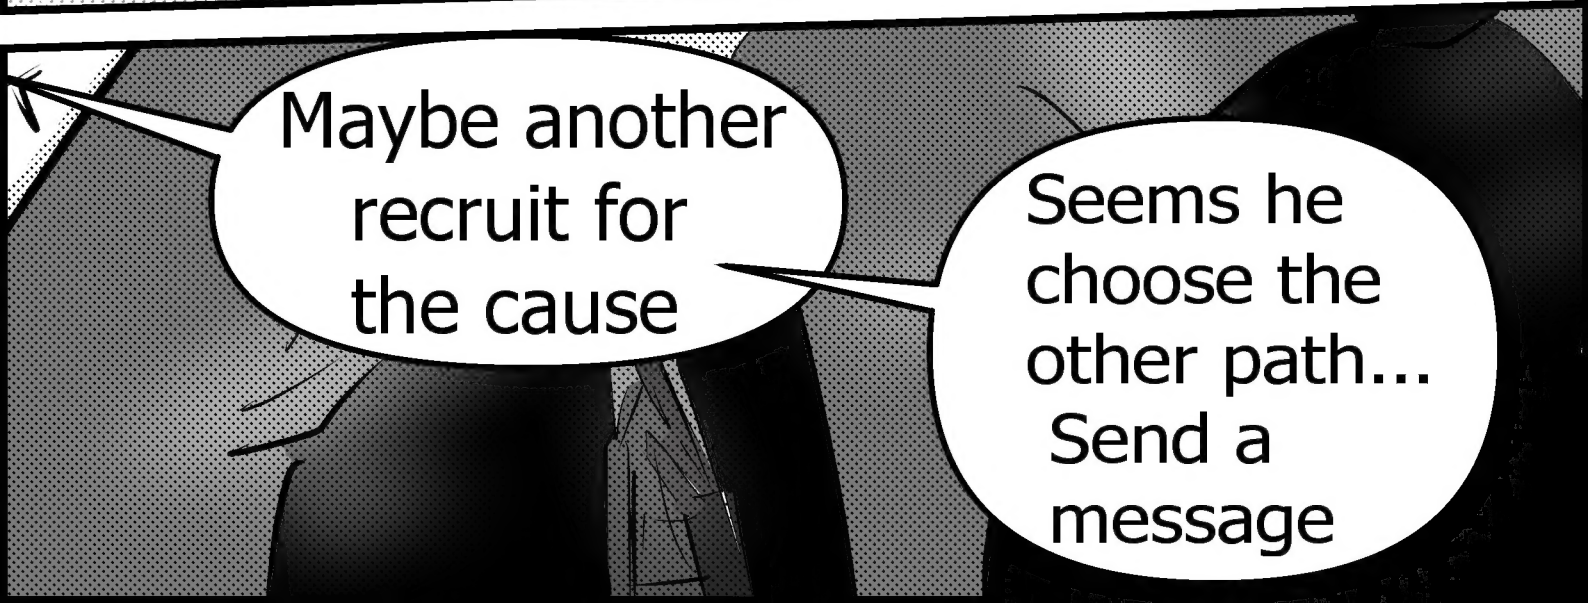

Fast too, must be one of these mutant roaches

hmm...

Were're you going, the cabbage patch is the other way!

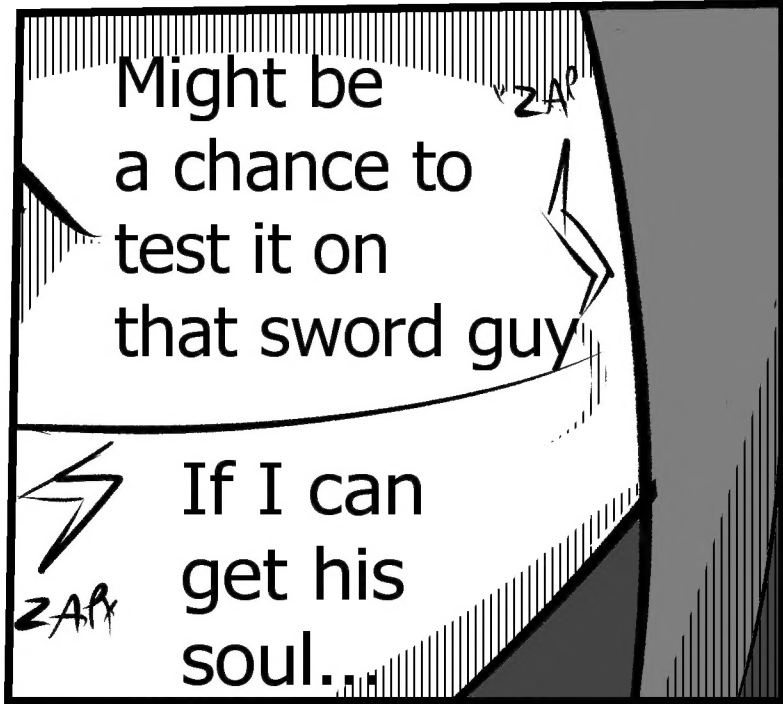

Just took out another kishinegg,
so much for him wanting to join...

Eh-eh-
Maybe
he wants a
more welcoming
greetings
committee?

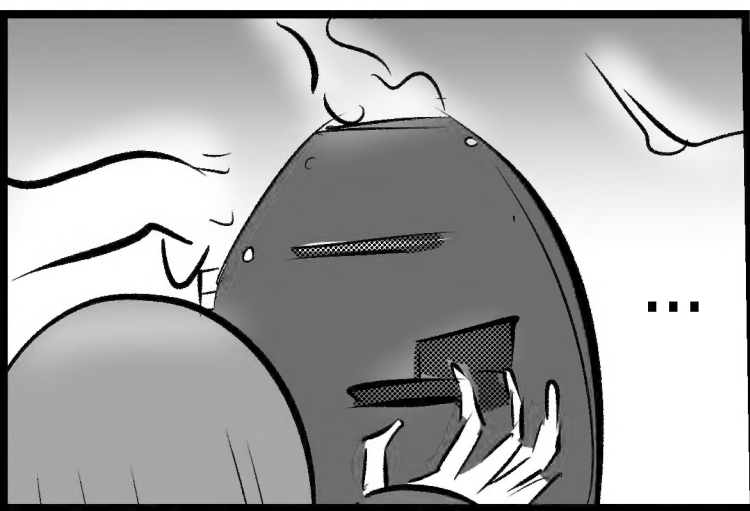

Tch, sure, this operation
is falling appart Kurma!

Who wants to go
with me and stop him?

Might be
a chance to
test it on
that sword guy

⚡
ZAP
If I can
get his
soul...

Fine day,
my fellow
traveler

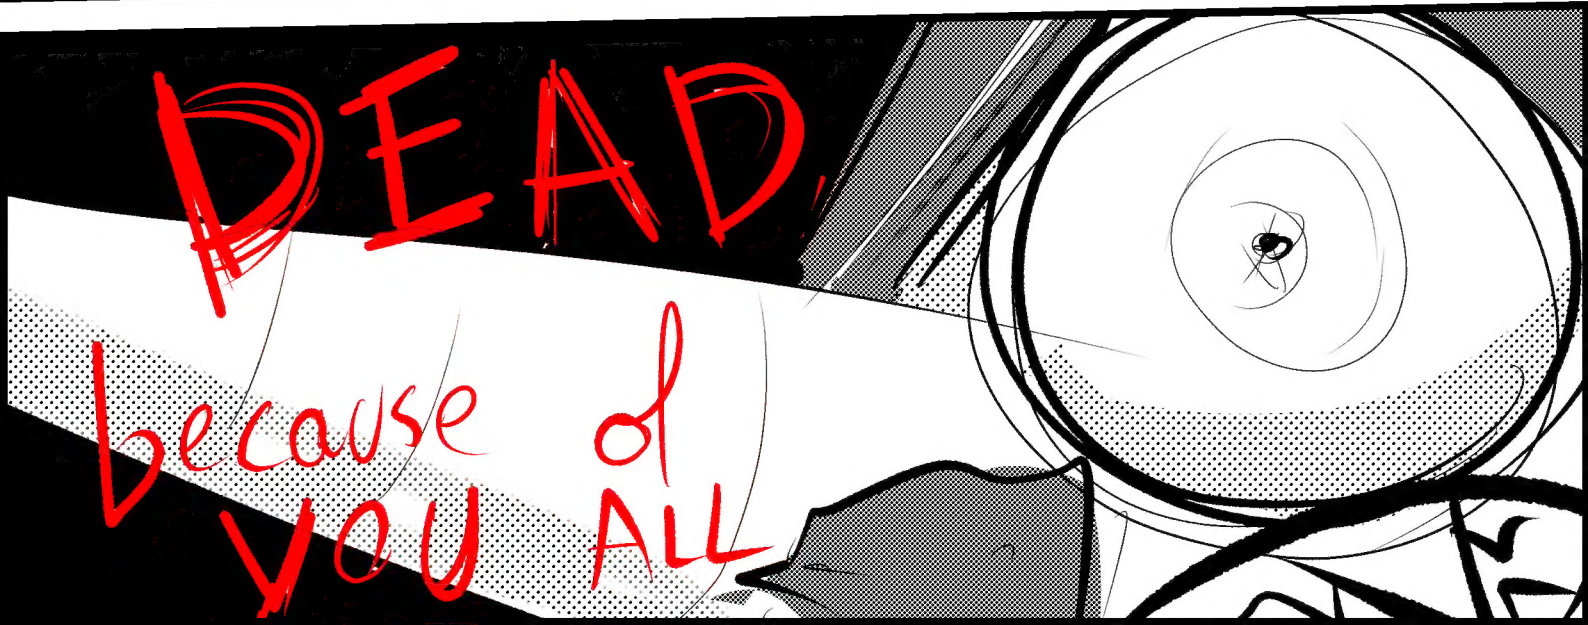

Didn't we
make you
a head
shorter
already?

How cruel,
he needs
all the height
he can get
hehe, guipi!

Y-you worked for Arachne, right?

Why are you
here, she is-

DEAD
because
YOU of ALL

A tragedy,
no soul
can undo

But taking revenge,
will let me dull that
terrible melancholy

Even if
for just
a moment

What ya
gonna pul
a dove from
a hat, a new
hairline would
be a BALDER
magic trick!
Guipi!

Don't provoke
him, he's more
dangerous than
he looks...

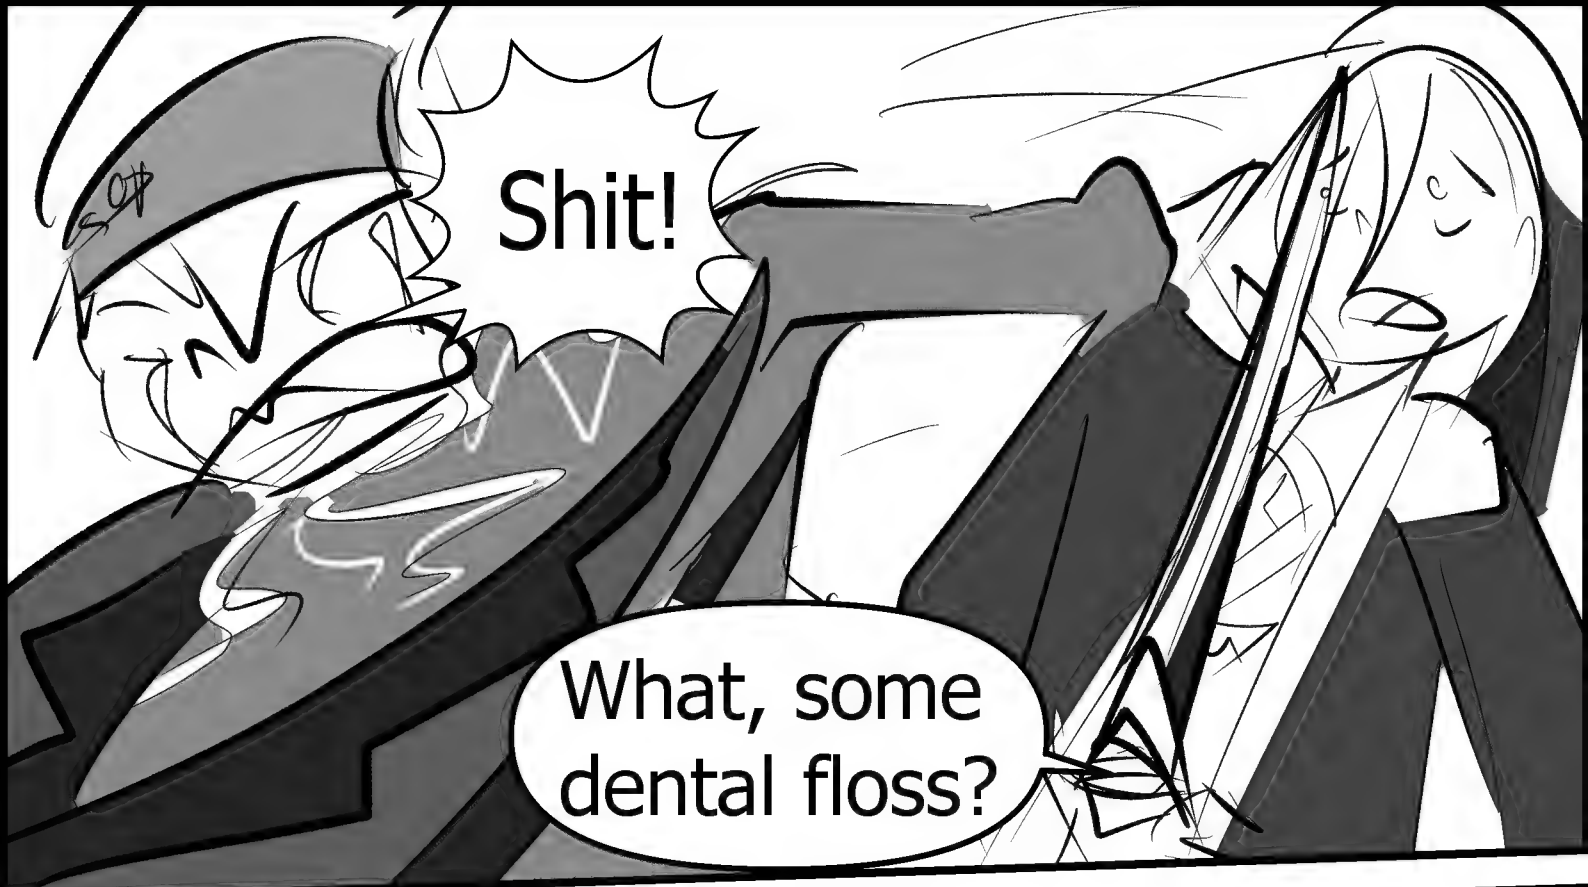

Abra...

Kada-

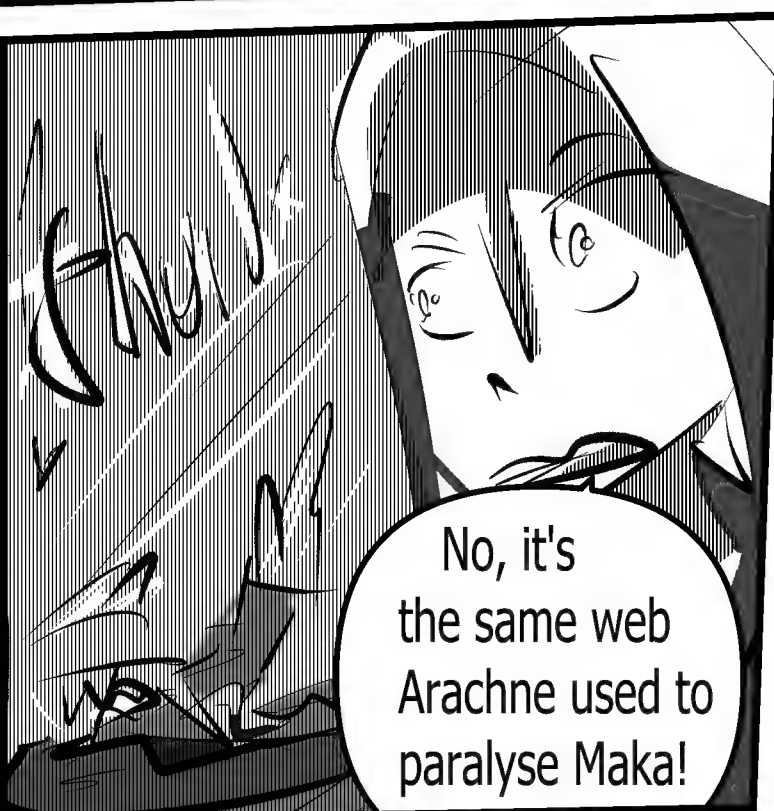

what? he
didn't finish

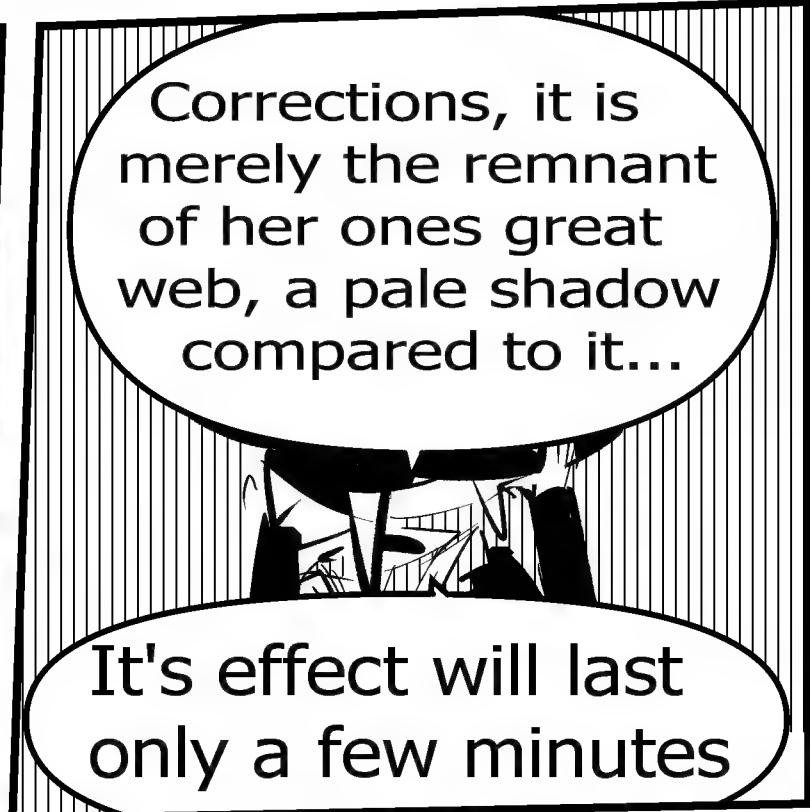

Shit!

What, some dental floss?

No, it's the same web Arachne used to paralyse Maka!

Corrections, it is merely the remnant of her ones great web, a pale shadow compared to it...

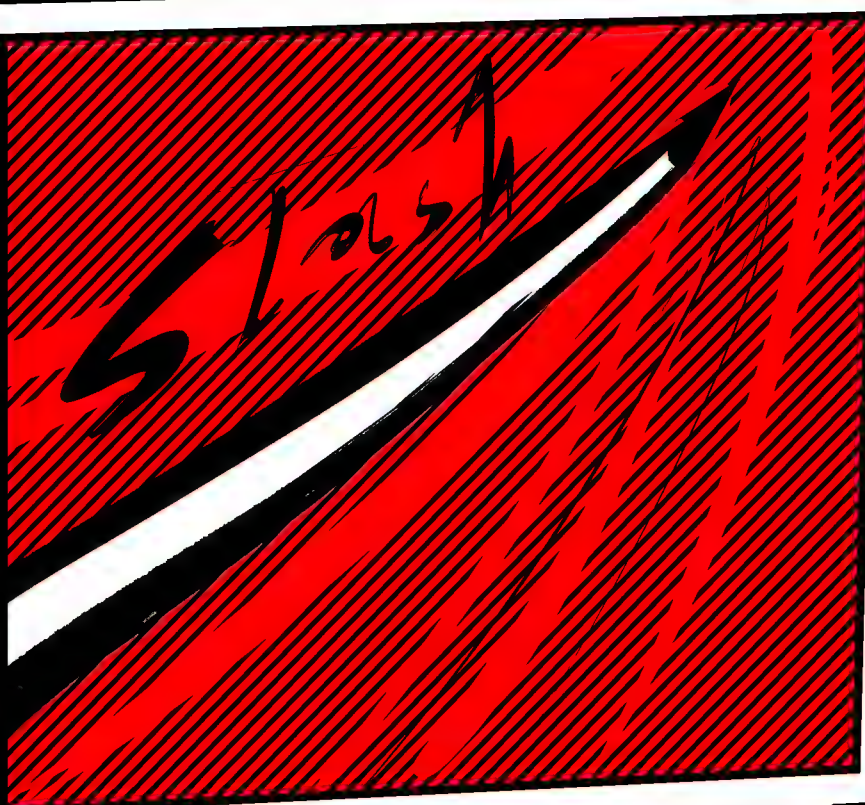

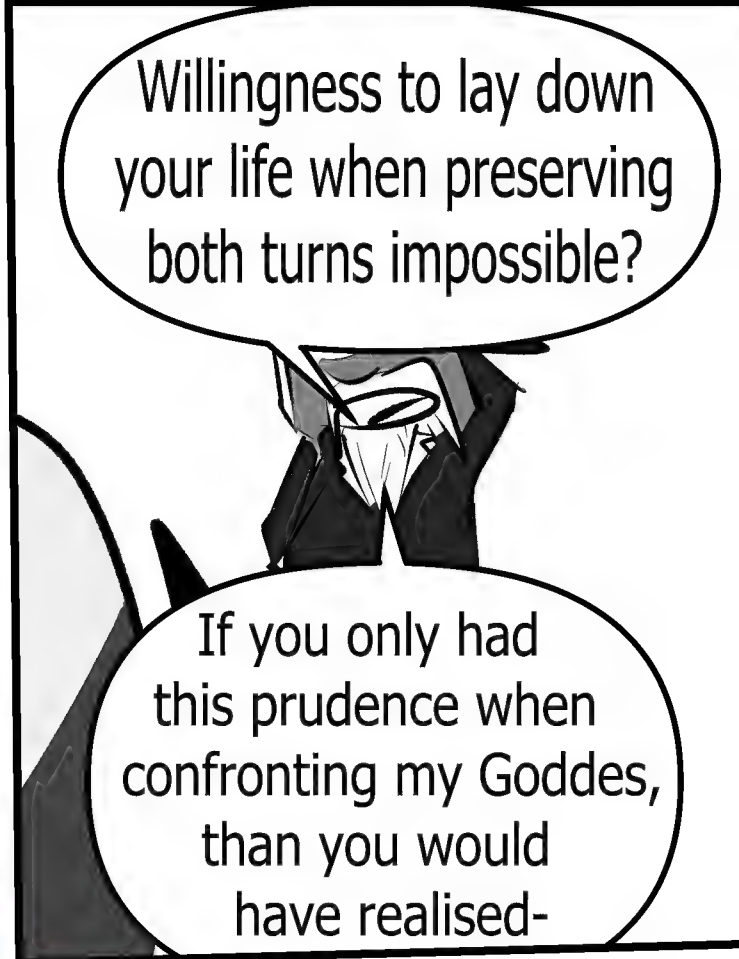

It's effect will last only a few minutes

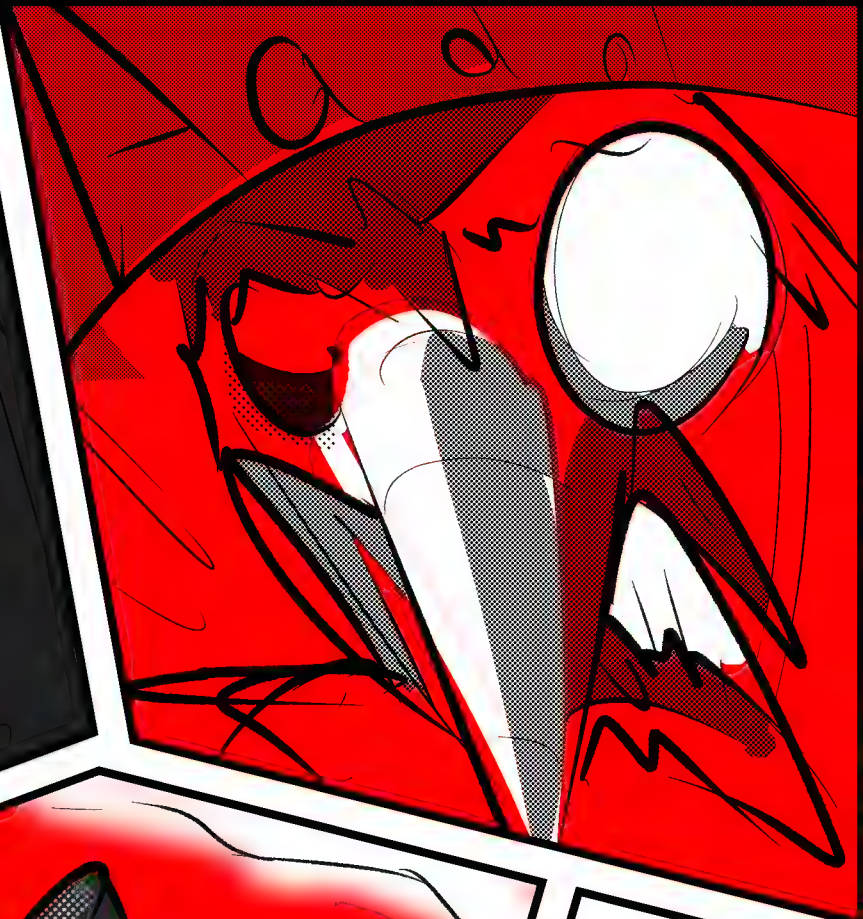

Ampel time to

to discipline someone who

so casually takes my Mistress' family name!

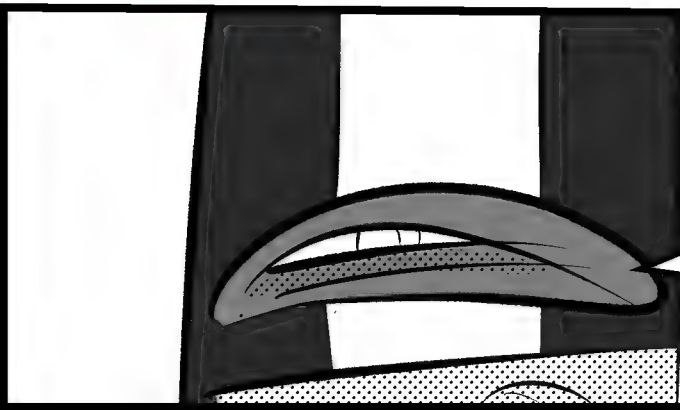

Why do I
feel dejavu?

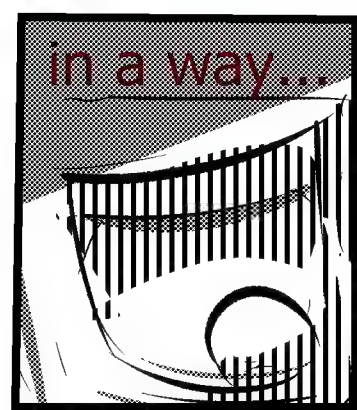

So the
plan-

I- I need
to say
something
first...

Tch, your
whining will
only backfire

in a way...

T-this
won't
bring her
back, so
why are
you doing
this?!

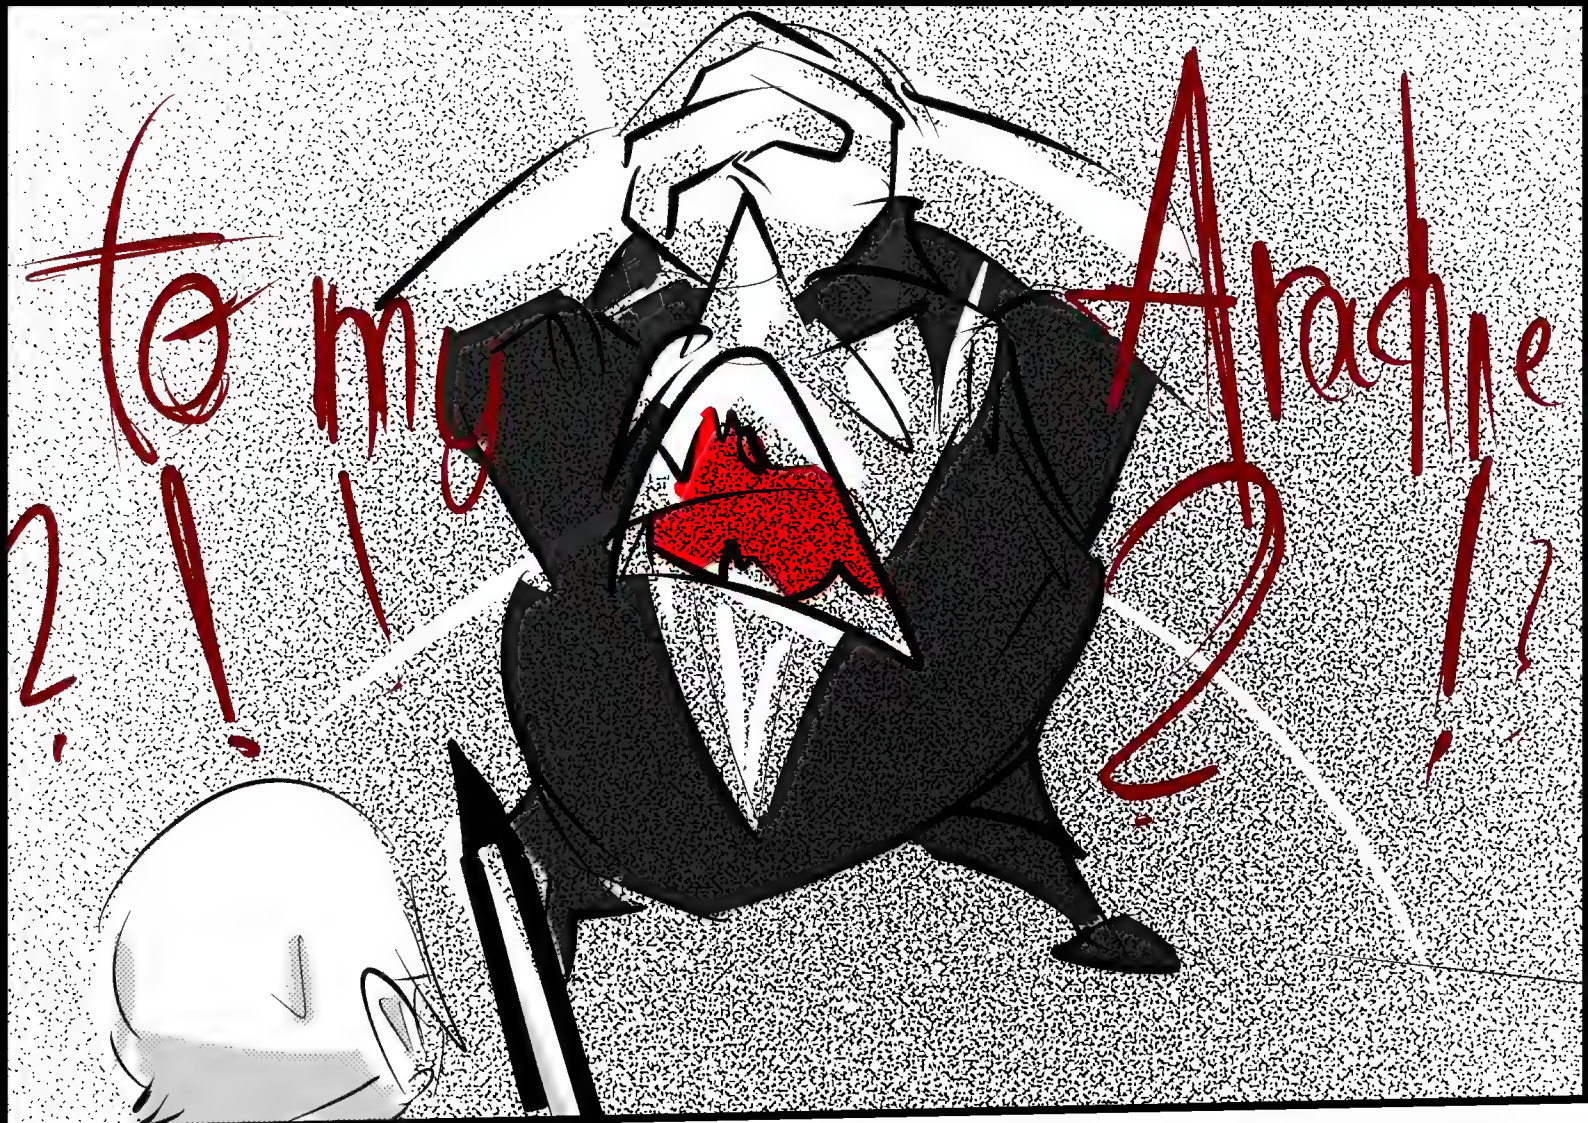

pant
pant

You know
the pain
of losing
somebody,
so why help
the witches
spread it
further?

pant

You are
comparing
your little
abominable
wench

Yes, my
Goddess!

My only
hope and
joy!

800
long
years
awaiting
her
advent

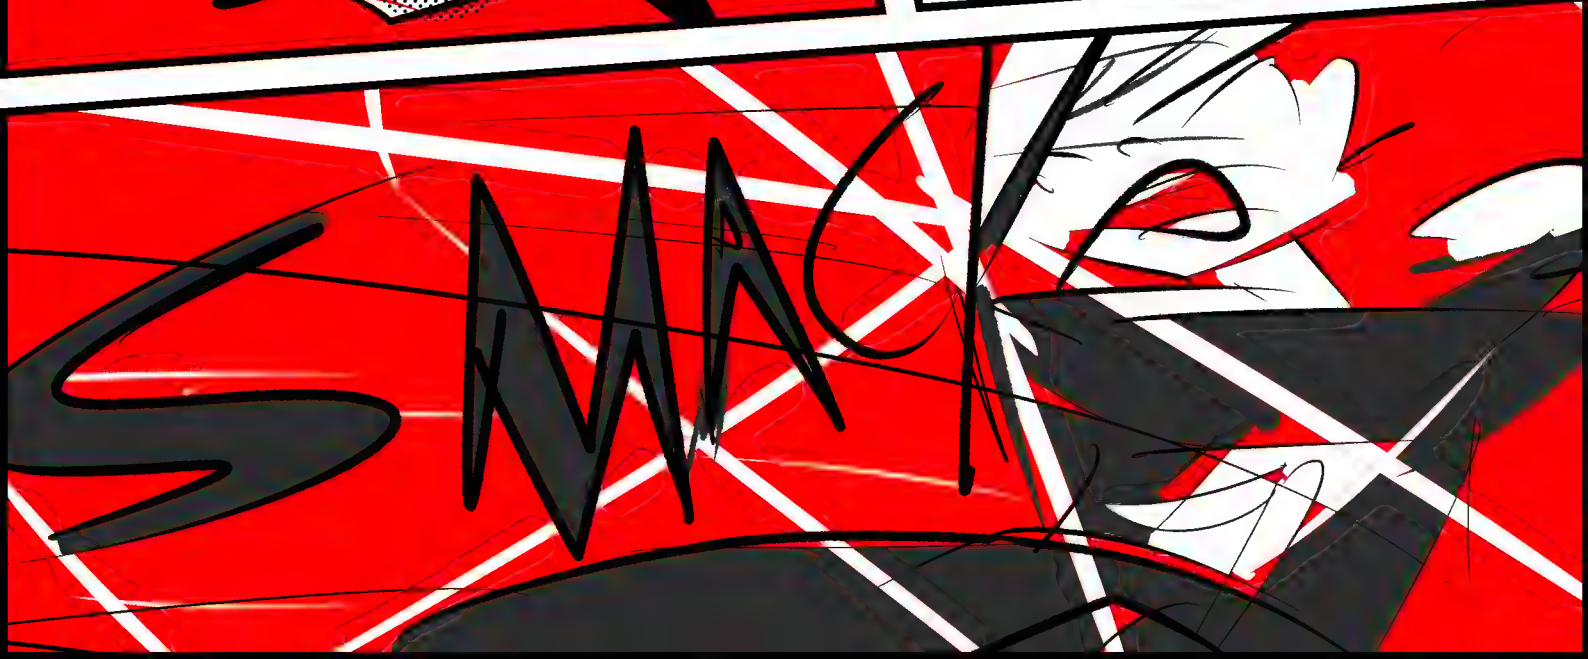

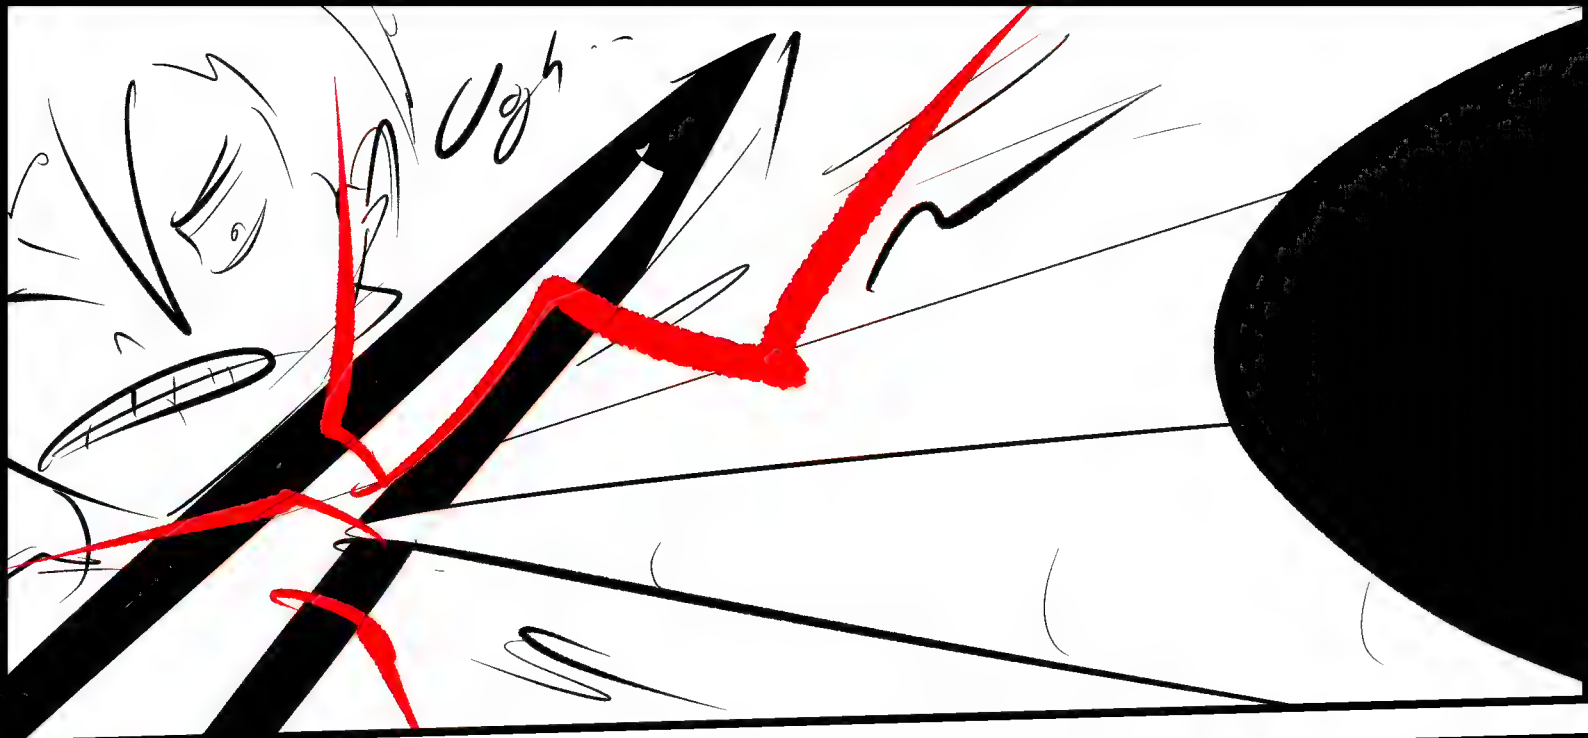

Only for Death
to take her in
a flash...

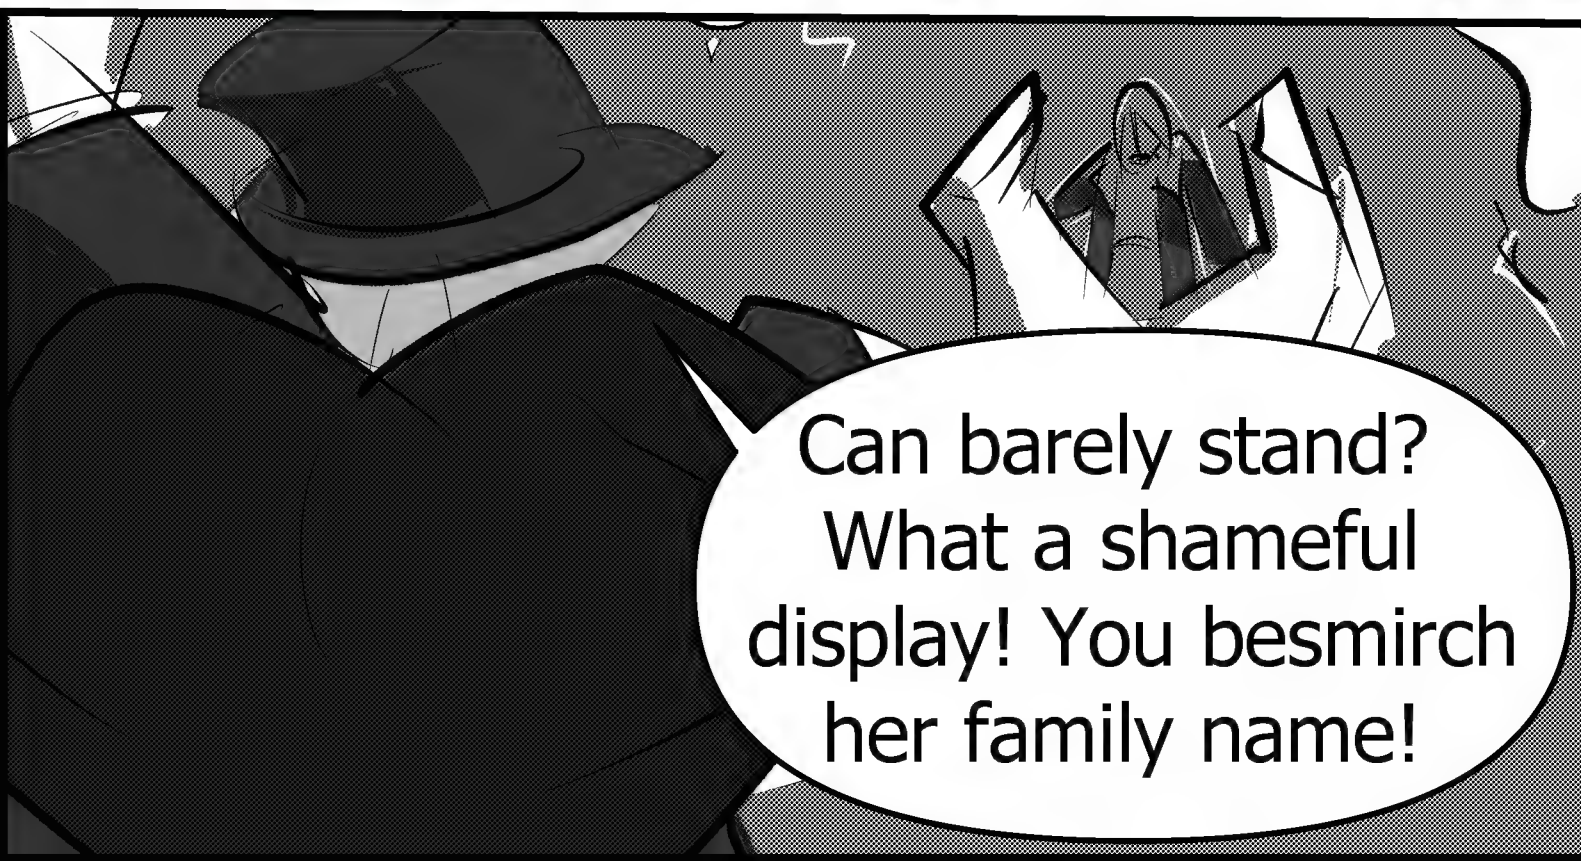

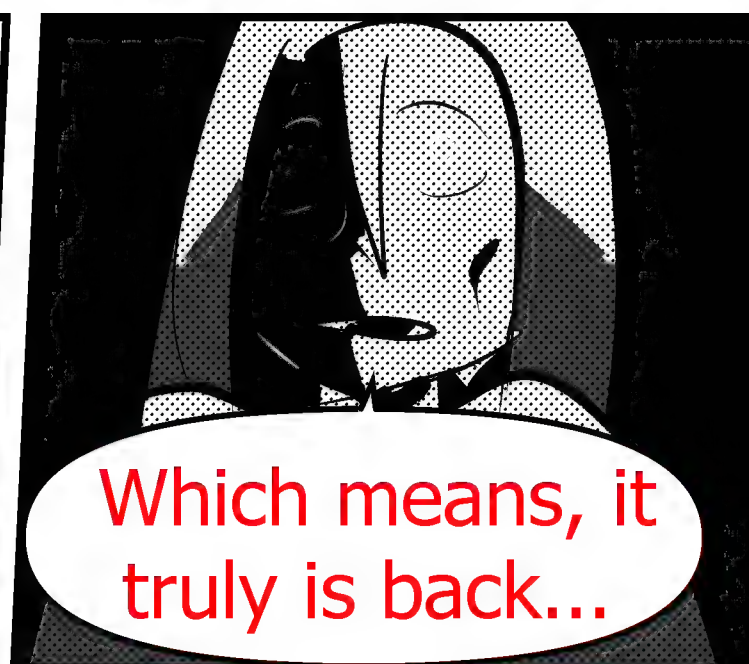

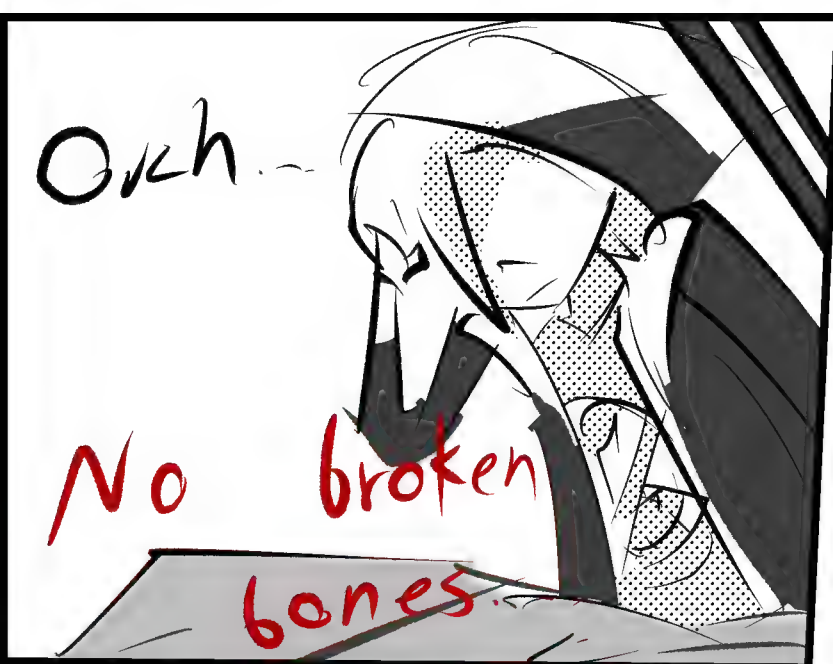

800...
Just like
Giriko-

Don't compare
me to that swine!

Crona Gorgon?

How dare you?!?

Your traitorous mother
was disgusting enough,
but you: a blasphemous
wicked existence!

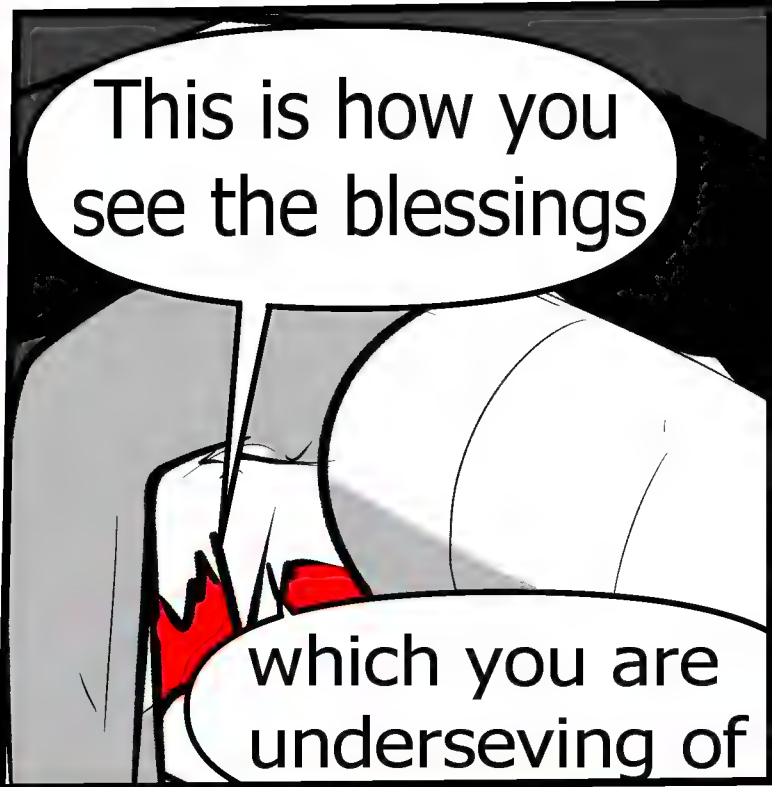

Then you can be happy

I don't go by
that anymore

Even if I can
never get rid of
their venom, my
soul is cursed
by them...

This is how you
see the blessings

which you are
underseiving of

Good thinking,
making him
rage so we
can escape!

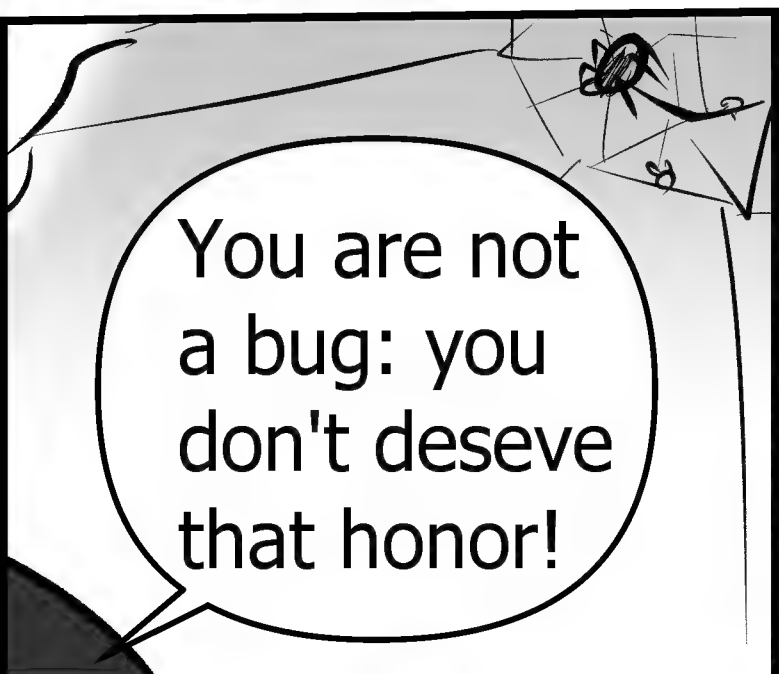

...yeah...

Squashing
you with
a single
strike?

That
would
be too
merciful!

You are not
a bug: you
don't deserve
that honor!

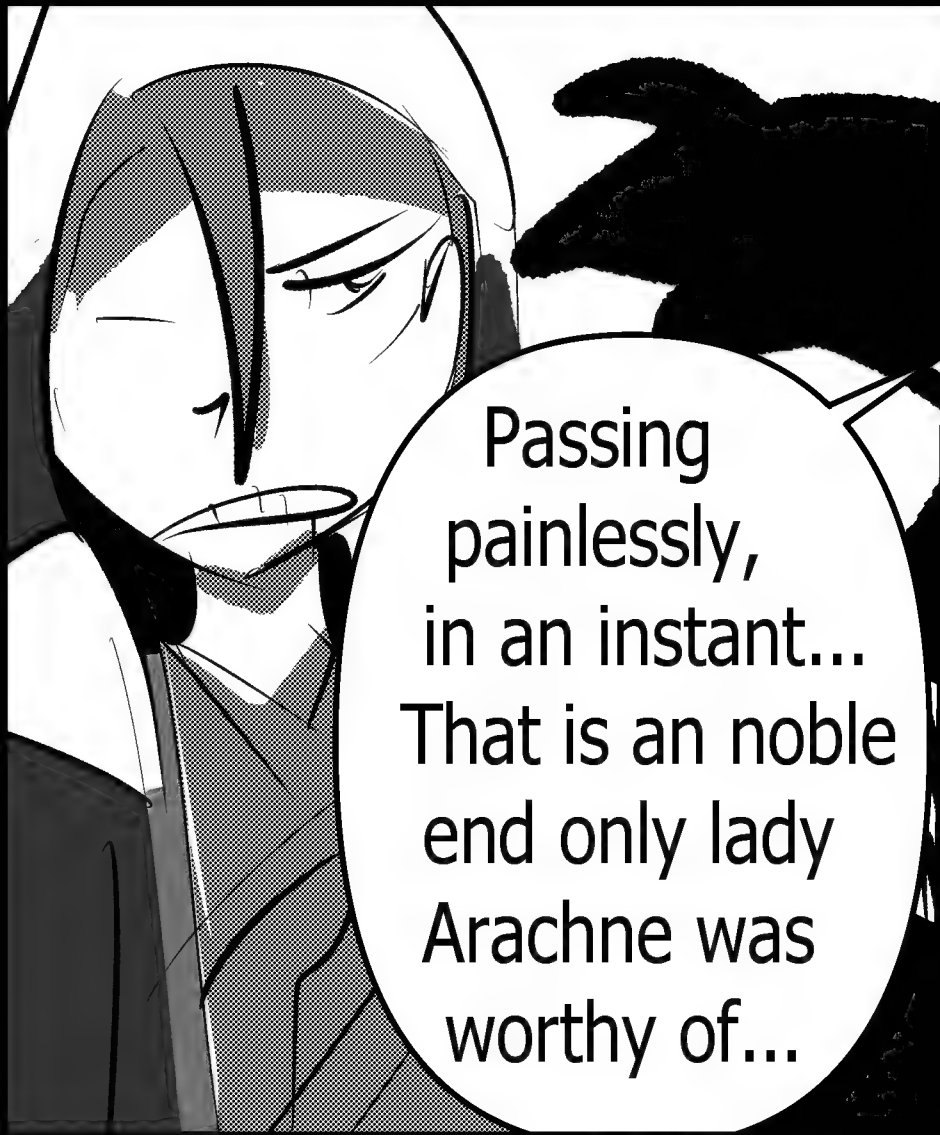

You are just a
disgusting city
pigeon

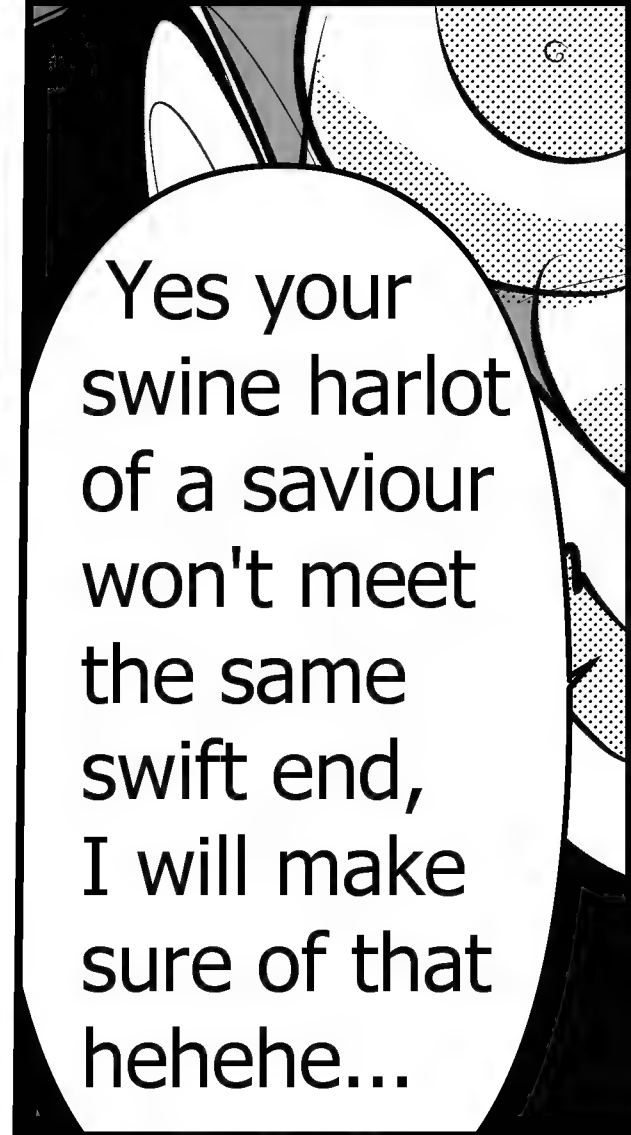

Not capable of finding
worms yourself, living
of bread crumbs
"civilization" throws you

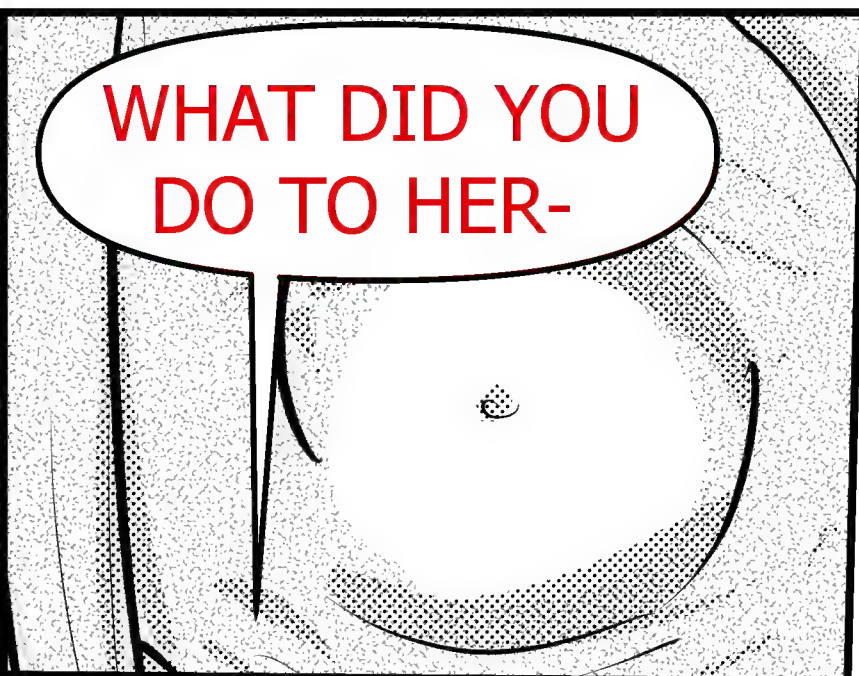

Only barely tolerated,
not out of any phony
goodnes, but just of
imbecile stupidity!

Passing
painlessly,
in an instant...
That is an noble
end only lady
Arachne was
worthy of...

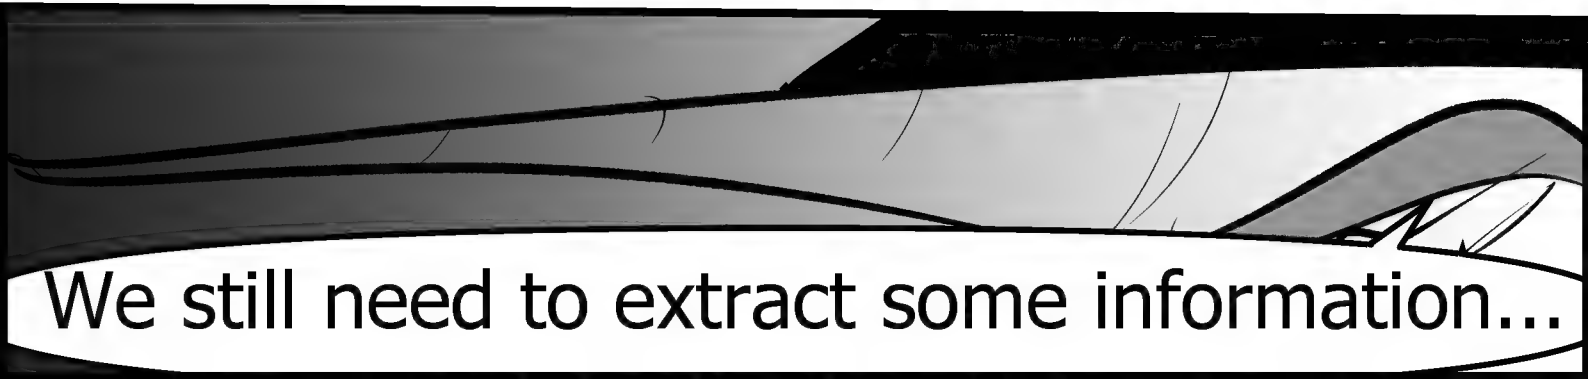

Yes your
swine harlot
of a saviour
won't meet
the same
swift end,
I will make
sure of that
hehehe...

WHAT DID YOU
DO TO HER-

Oh, not much yet

We still need to extract some information...

You crafty devils

must have made her
immune to any interrogative
concoctions...

And more "traditional"
methods were vetoed

I-Is that
really
necessary?

Hehe, Zalte is right, I saw
some documentary that showed
that torture, even if fun,
doesn't get the best results

Alas, she will be
safe until they
figure out how
to press out
the lush intel

But after that is
done, let's just
say that 800 years
of experience will
pay of hohohaha!

You-you-

I need to
calm down

You- is
that all
you live
for?

Hohoho, what a sorry excuse of a retainer!

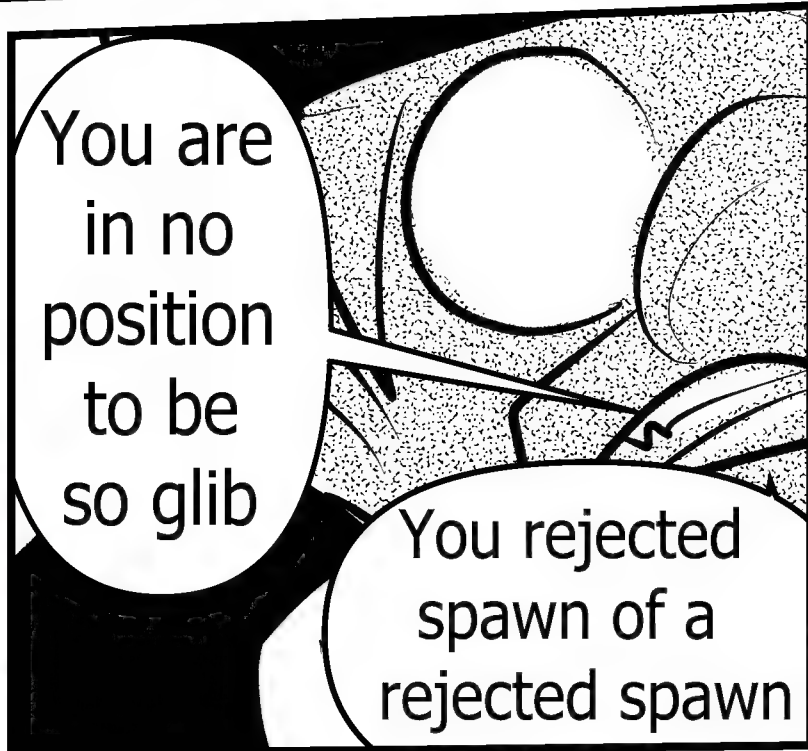

You...

Not a single peep
of defense of your
"maidens" honor?

You are dodging
the question

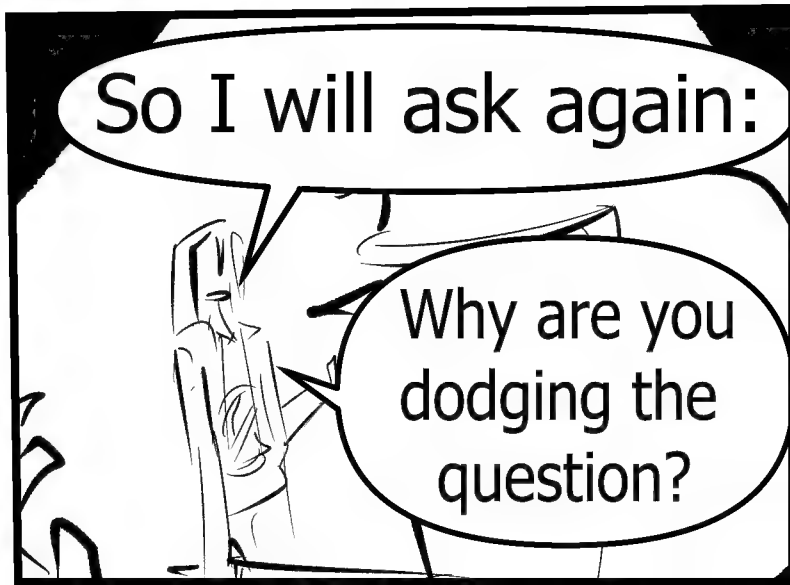

You are
in no
position
to be
so glib

You rejected
spawn of a
rejected spawn

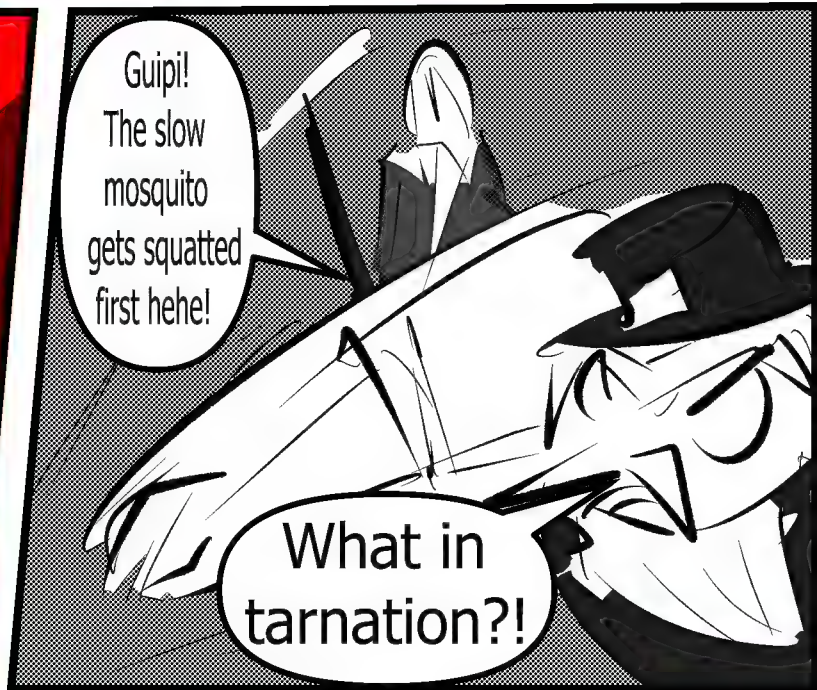

I-I heard all these
insults, and also

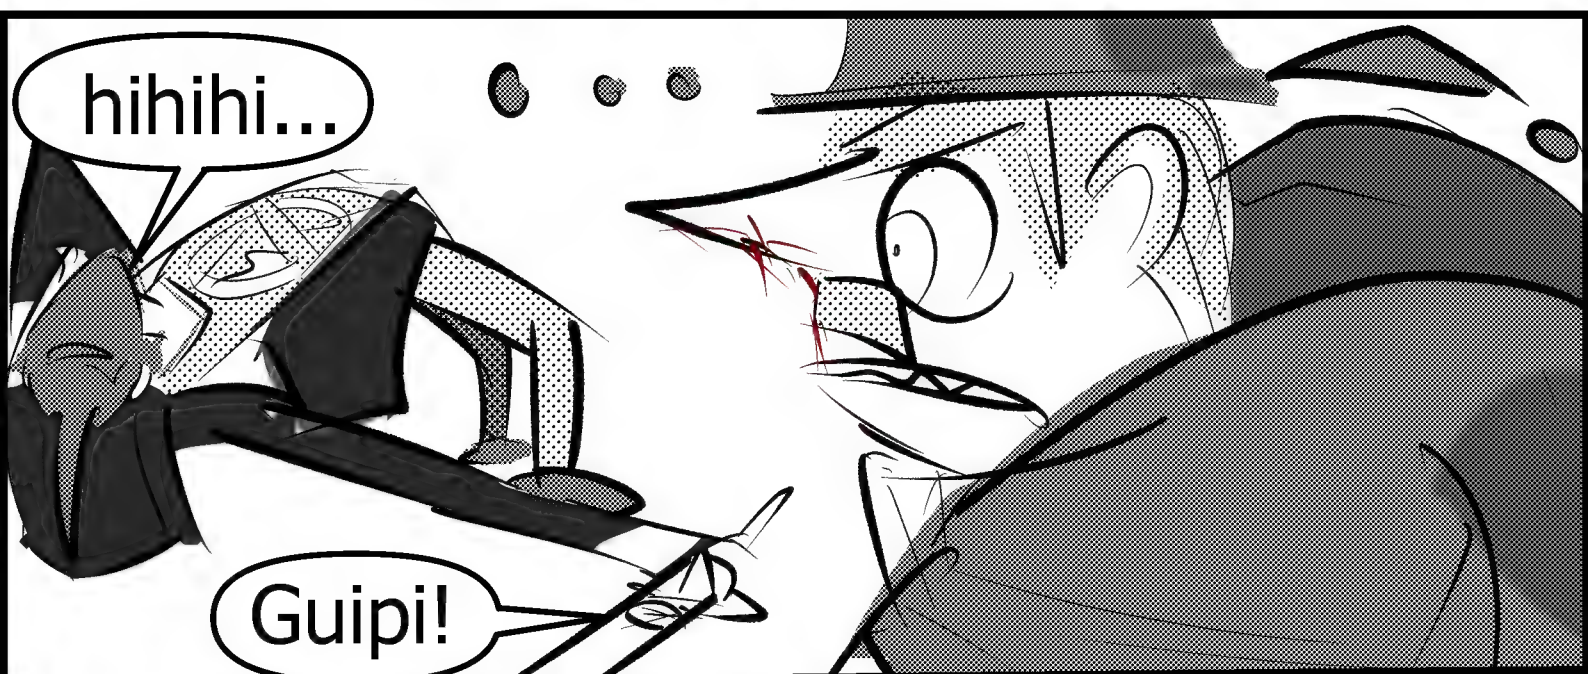

all the ones
you said about
Maka, before

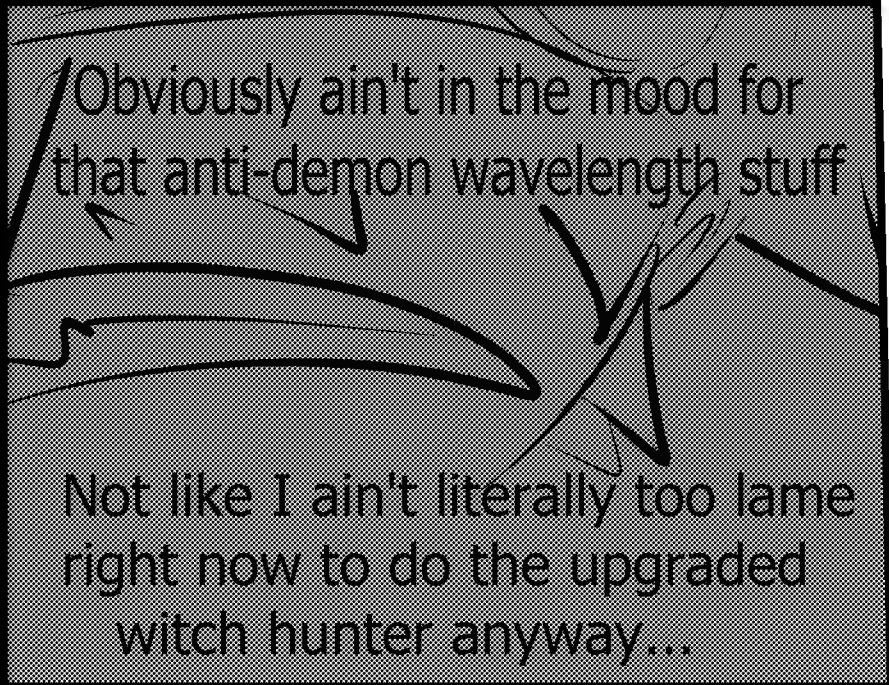

So I will ask again:

Why are you
dodging the
question?

Obviously ain't in the mood for
that anti-demon wavelength stuff

Not like I ain't literally too lame
right now to do the upgraded
witch hunter anyway...

But will this
madness be
enough?

And even
if, will
he snap
out of it?

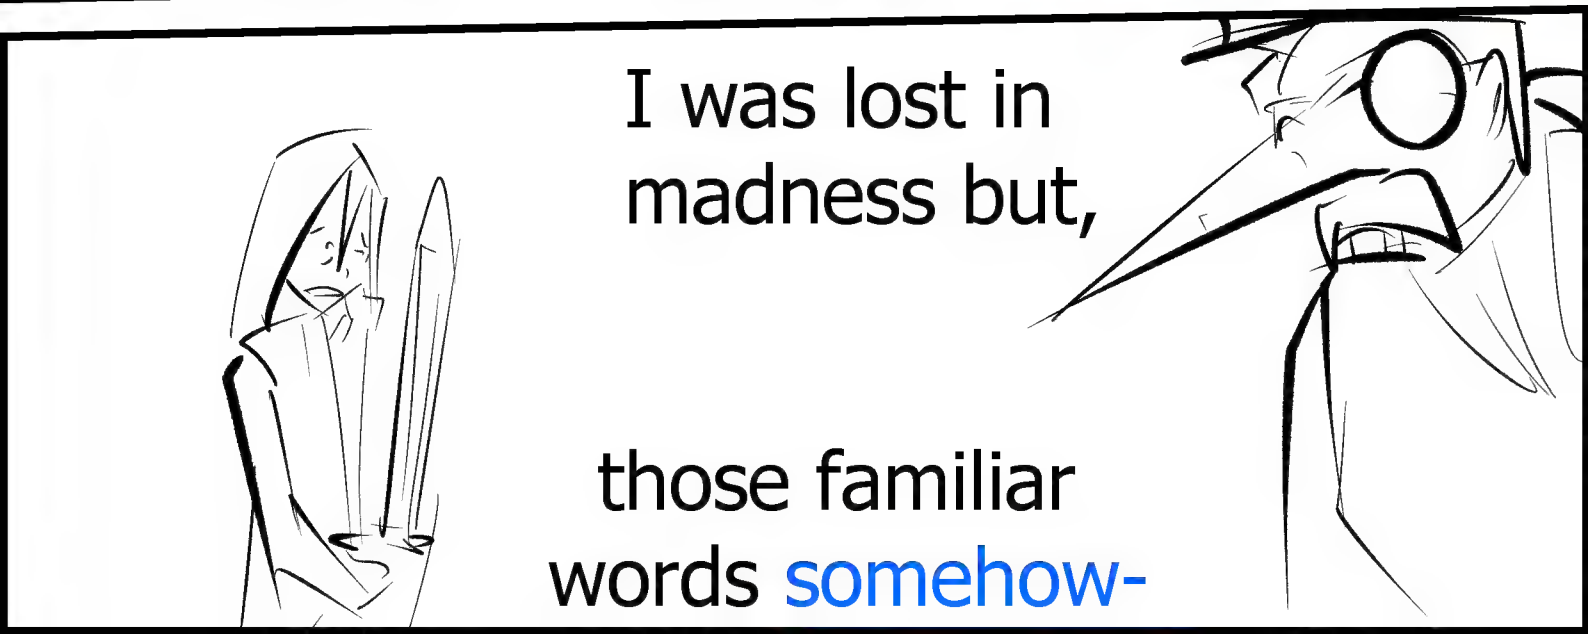

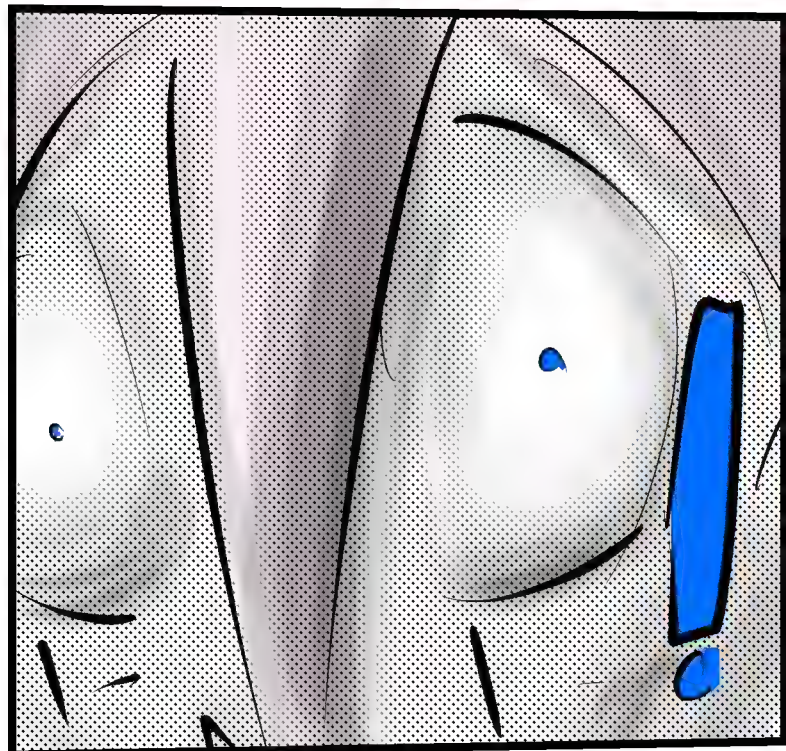

**Wah
a!**
GUR!

**STOP
JUMPING
AROUND!**

The faster
I get you,
the faster
I can-

Willing to die and
kill for revenge, huh?

I can't pretend
that I don't
relate to that...

You
insolent
brat

You think
your horrid
screeches
will make me
sentimental
enough
to defeat?

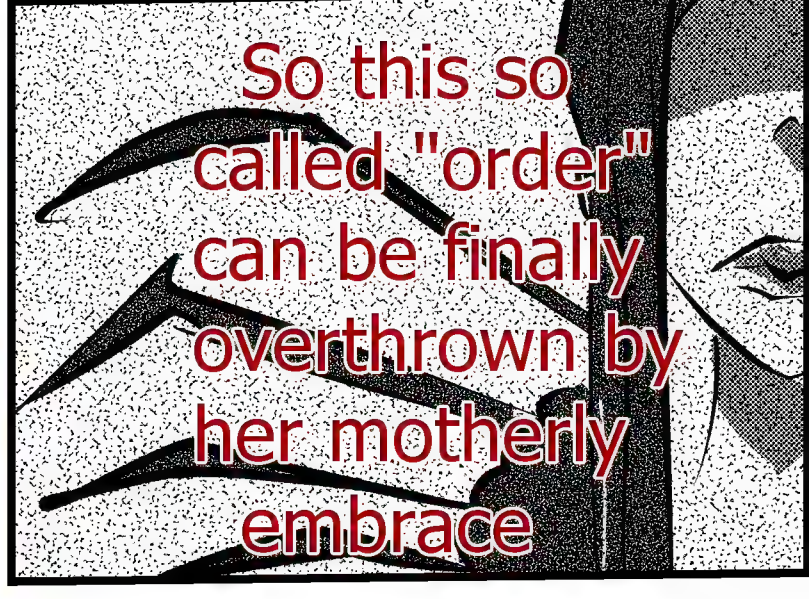

My whole existence
was for Arachne's vision

Delighting in the web
of chaos she had spun

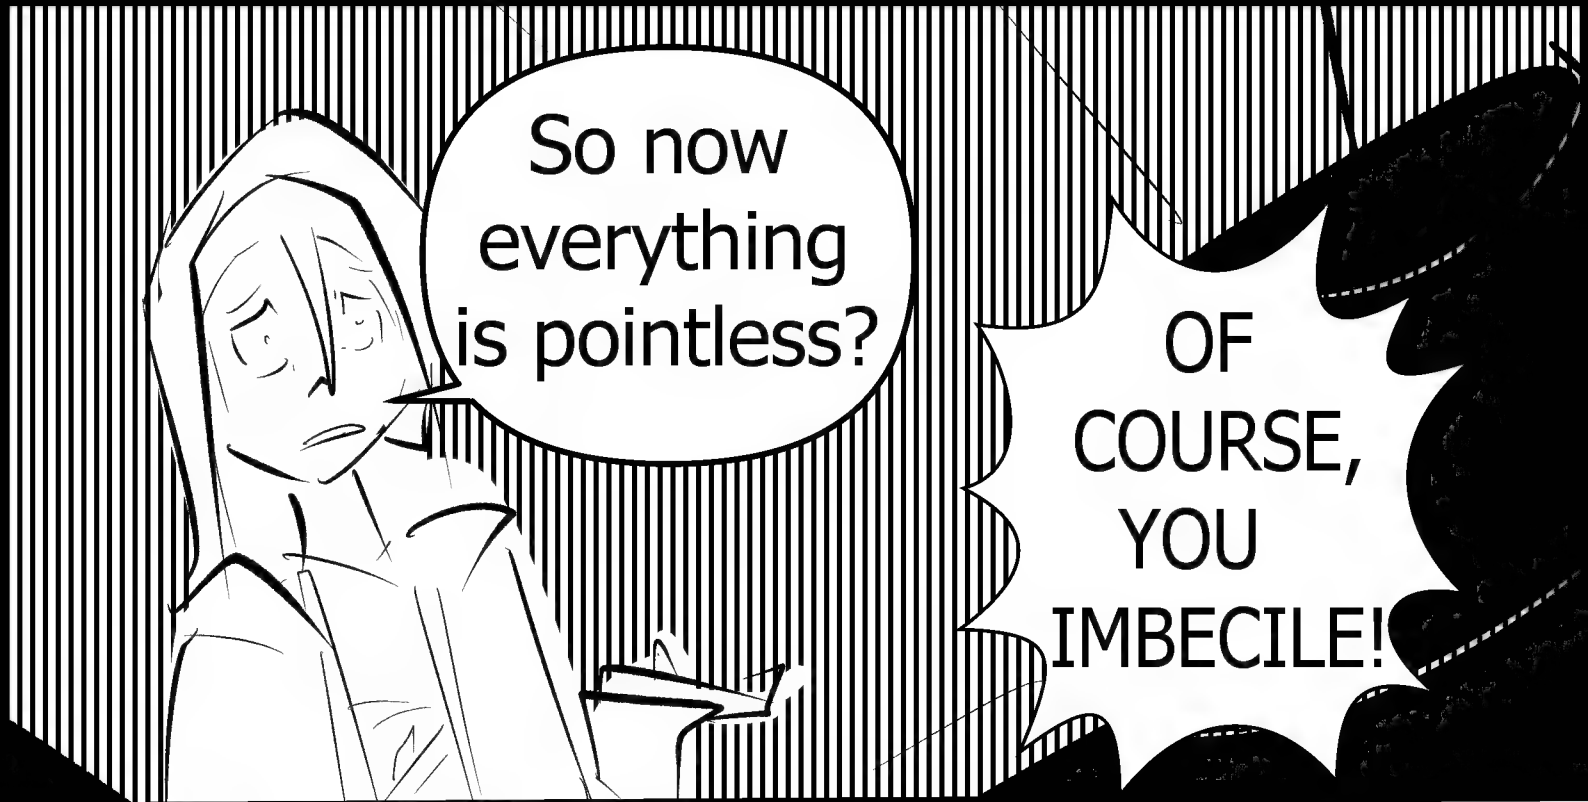

Helping her spread
her ideal of the truth
that lies in all
consuming devastation
and destruction

So this so
called "order"
can be finally
overthrown by
her motherly
embrace

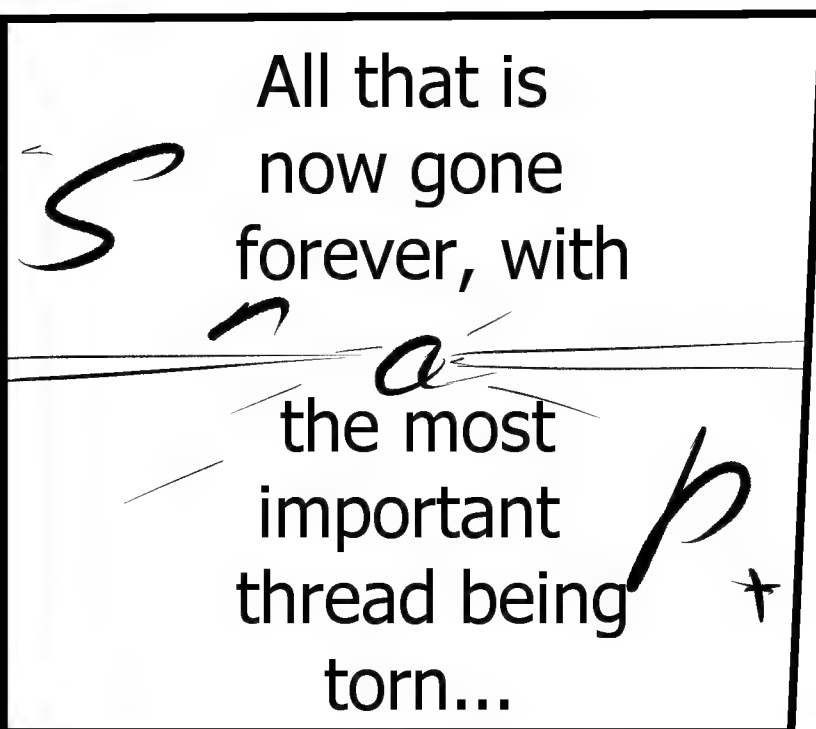

Yes, evrrything
was for her

So now
everything
is pointless?

OF
COURSE,
YOU
IMBECILE!

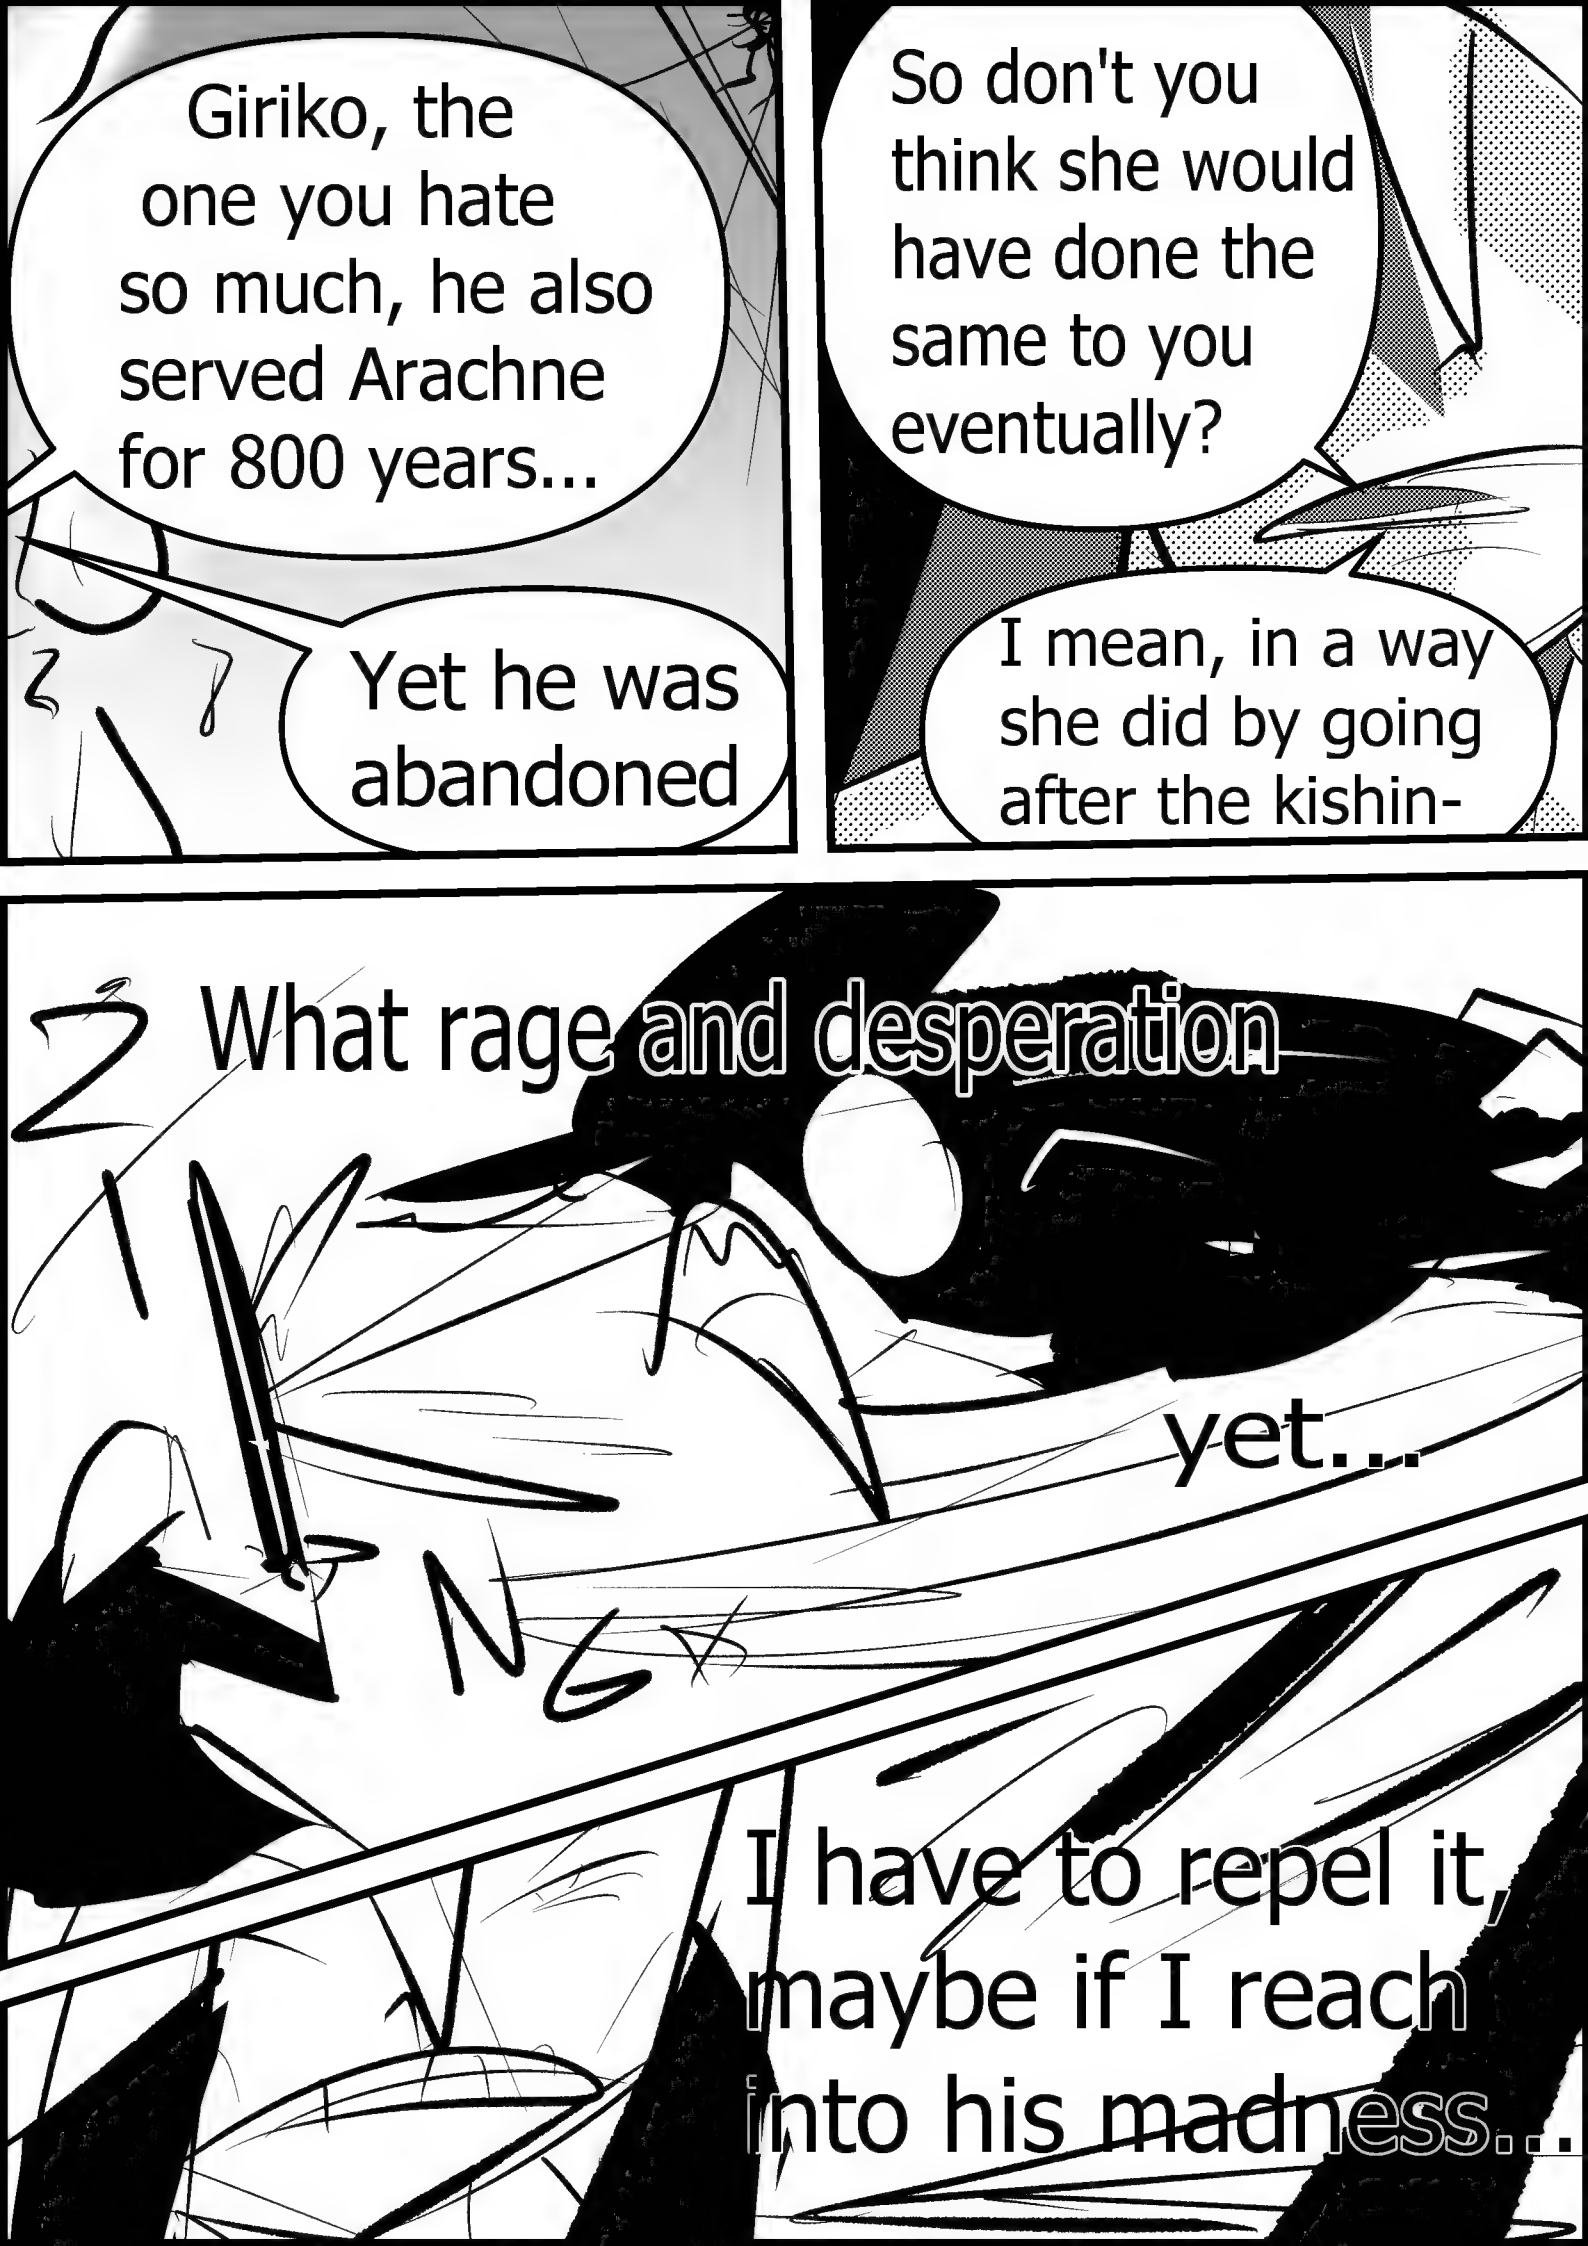

All that is
now gone
forever, with
the most
important
thread being
torn...

Oh, but
what could your
feeble constitution
comprehend?

Maybe more
than I would
like to admit...

Giriko, the
one you hate
so much, he also
served Arachne
for 800 years...

Yet he was
abandoned

So don't you
think she would
have done the
same to you
eventually?

I mean, in a way
she did by going
after the kishin-

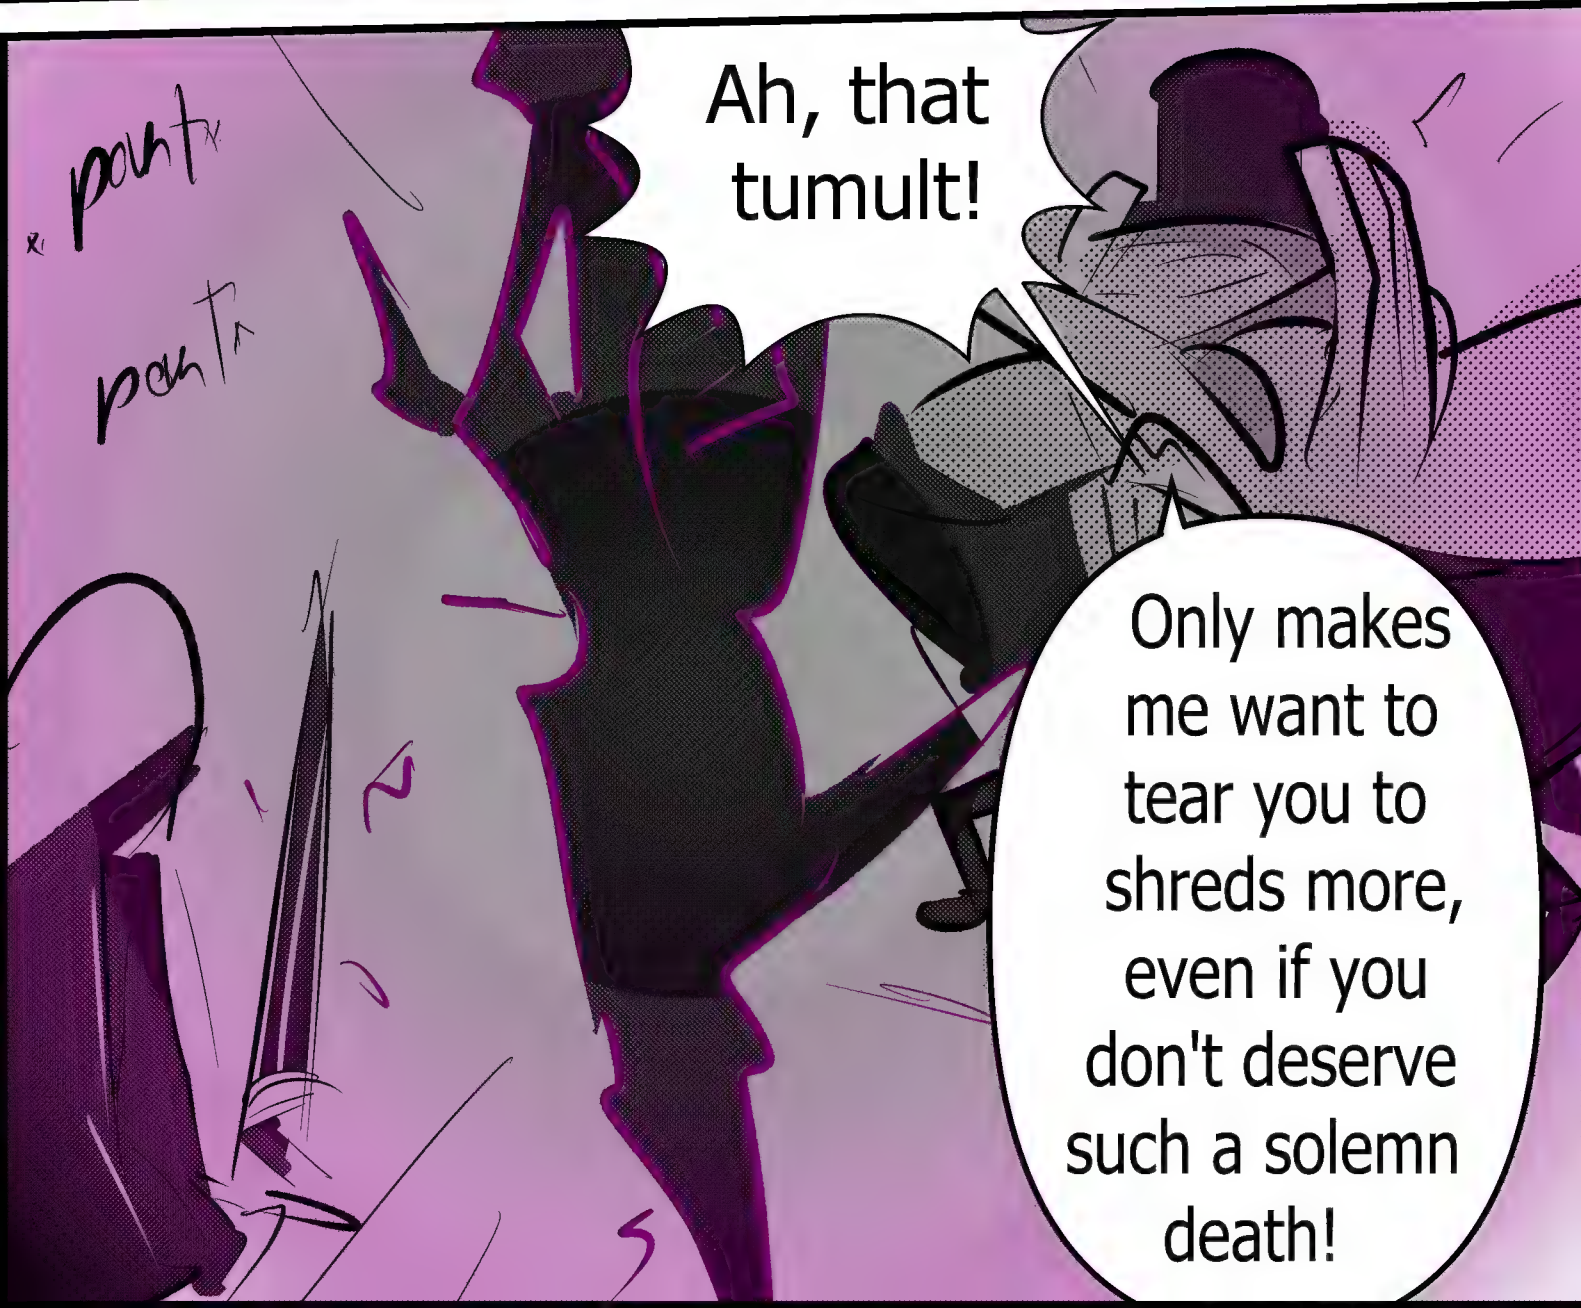

What rage and desperation

yet...

I have to repel it,
maybe if I reach
into his madness...

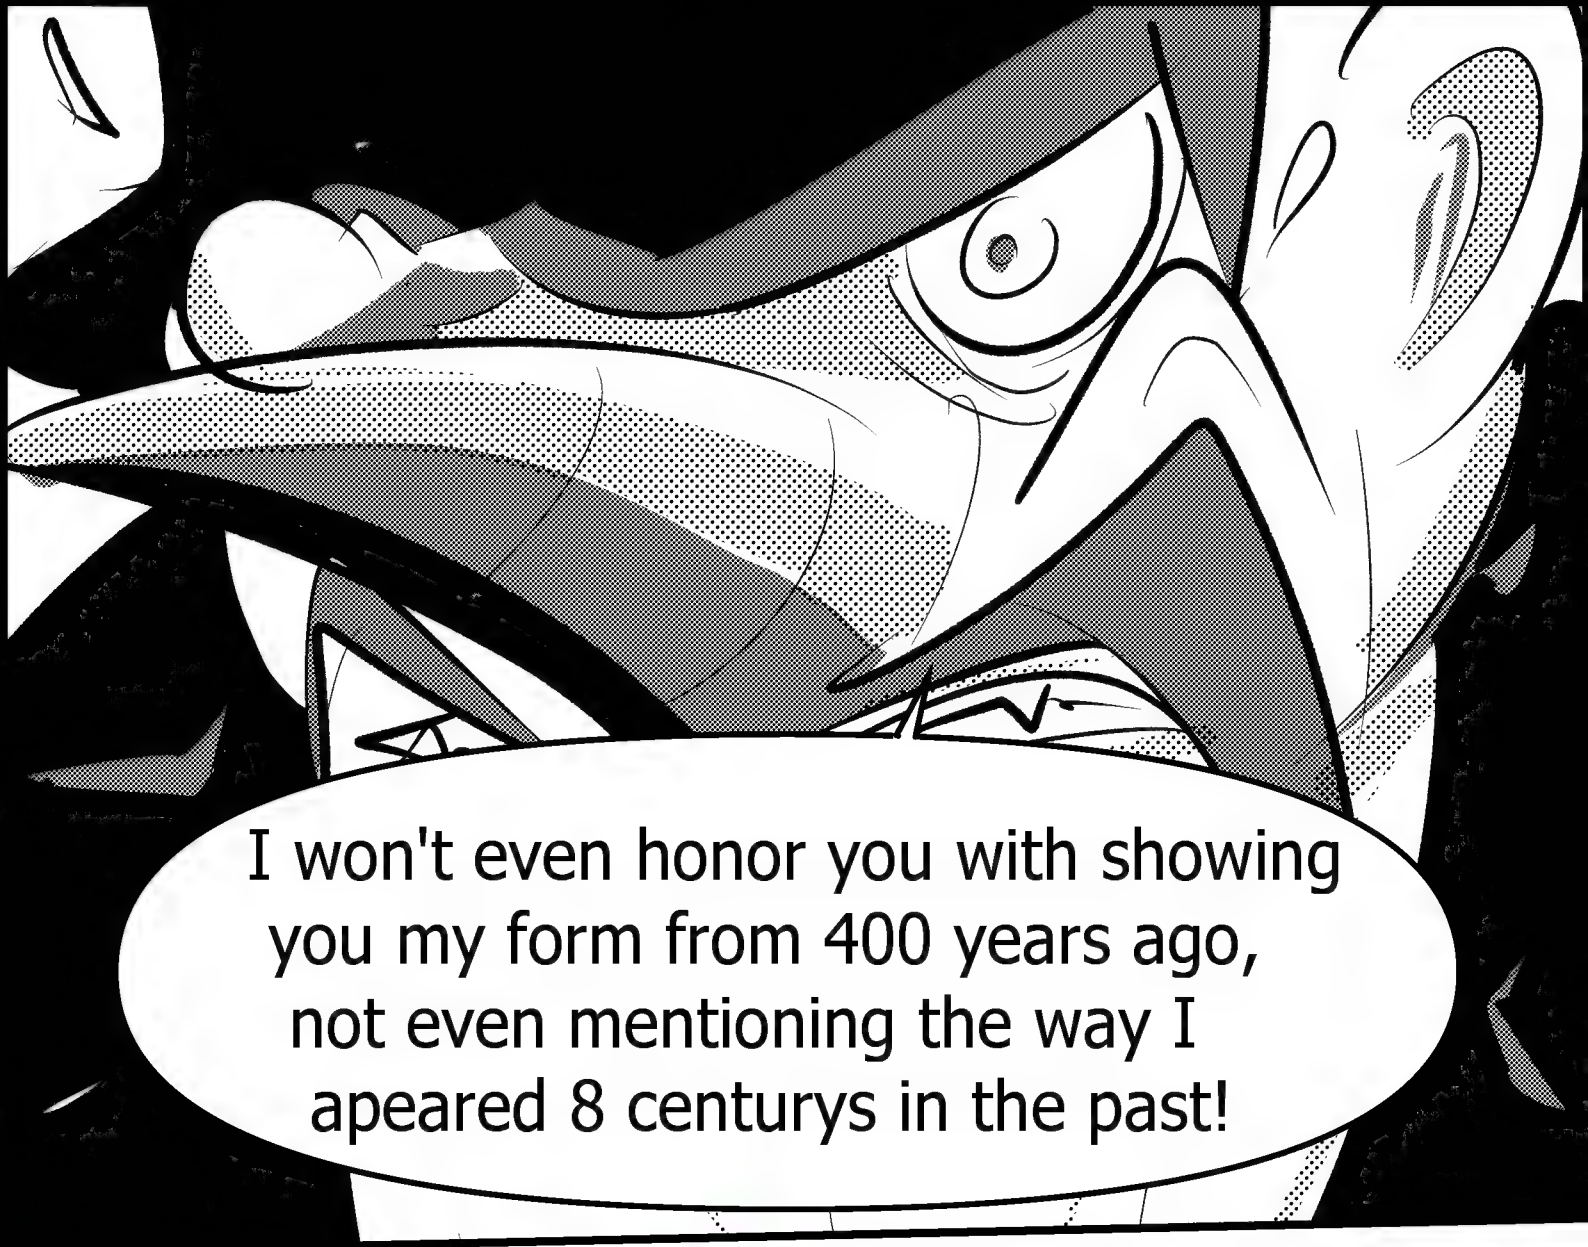

I will
need it
for
something
so cruel

Ah, that
tumult!

Only makes
me want to
tear you to
shreds more,
even if you
don't deserve
such a solemn
death!

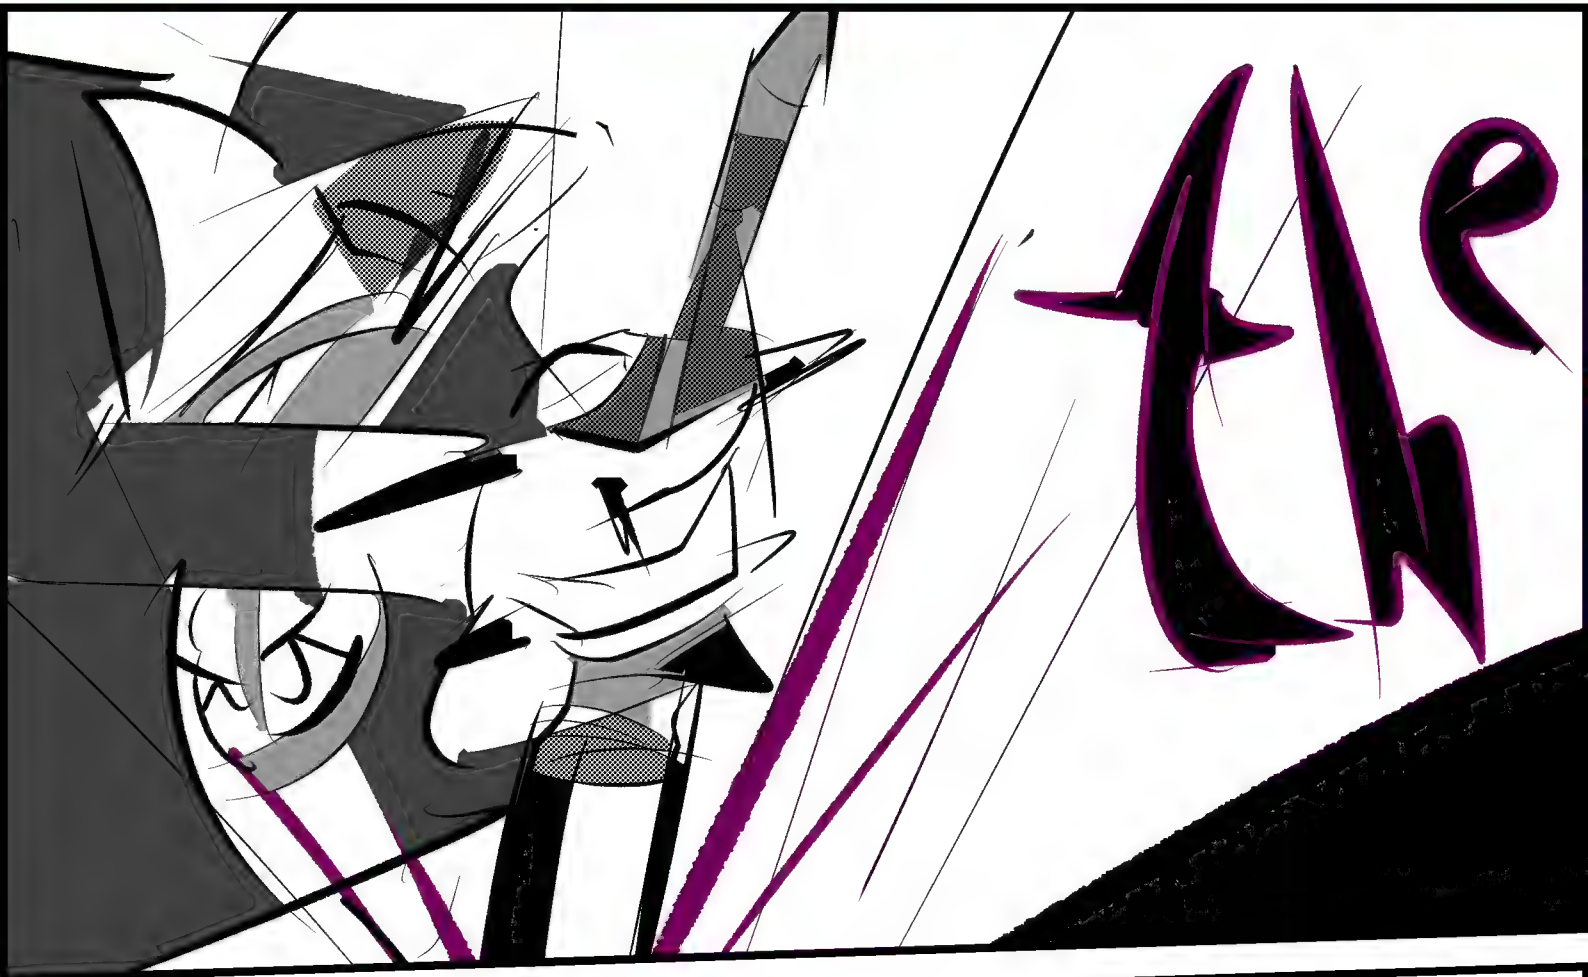

I won't even honor you with showing you my form from 400 years ago, not even mentioning the way I appeared 8 centurys in the past!

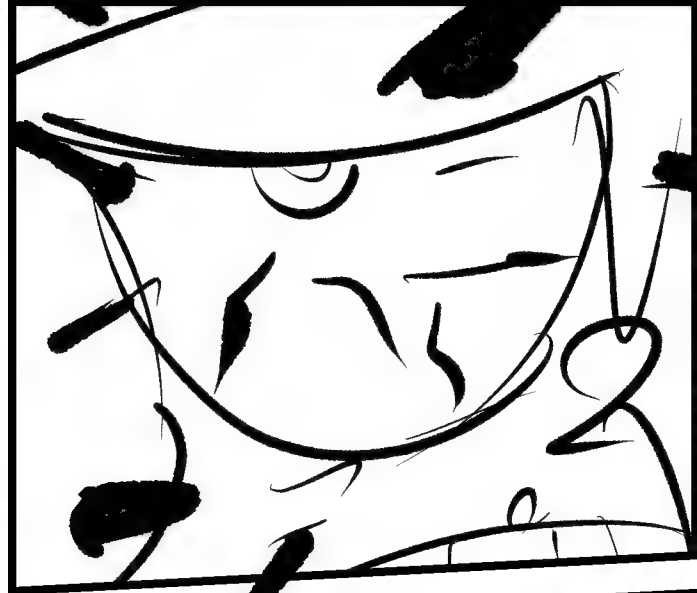

Sadly,
I saw
enough
already...

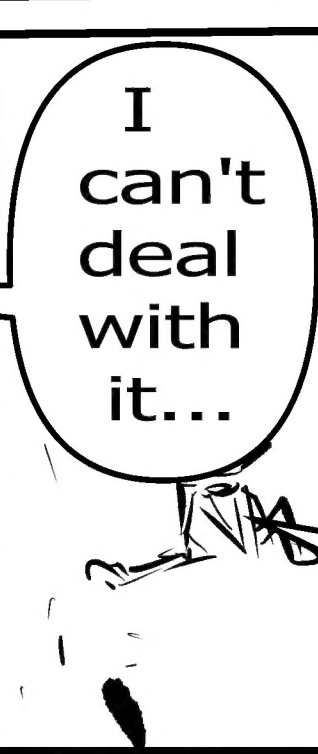

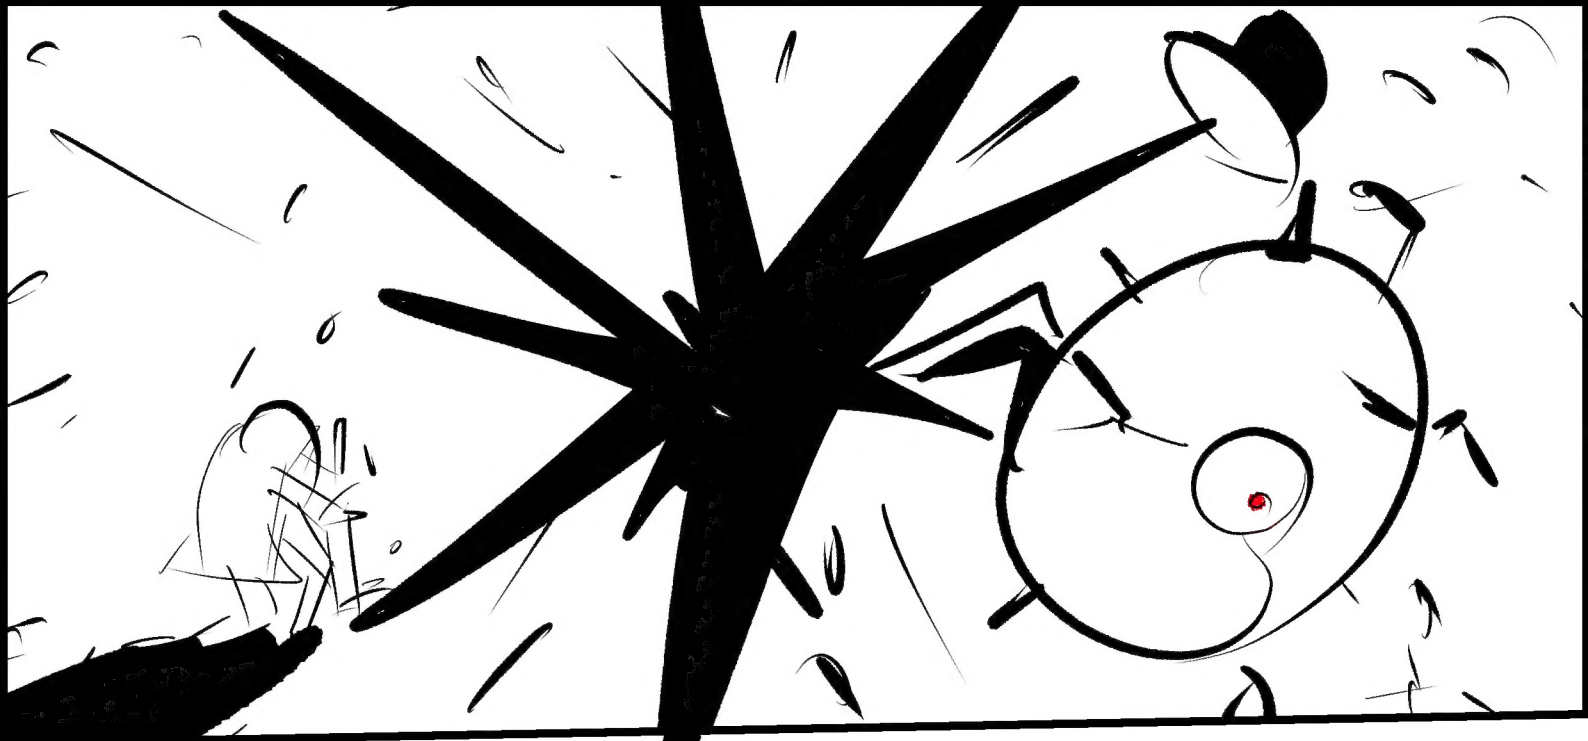

Ragnarok,
Screech
Resonance

Uncleanliness

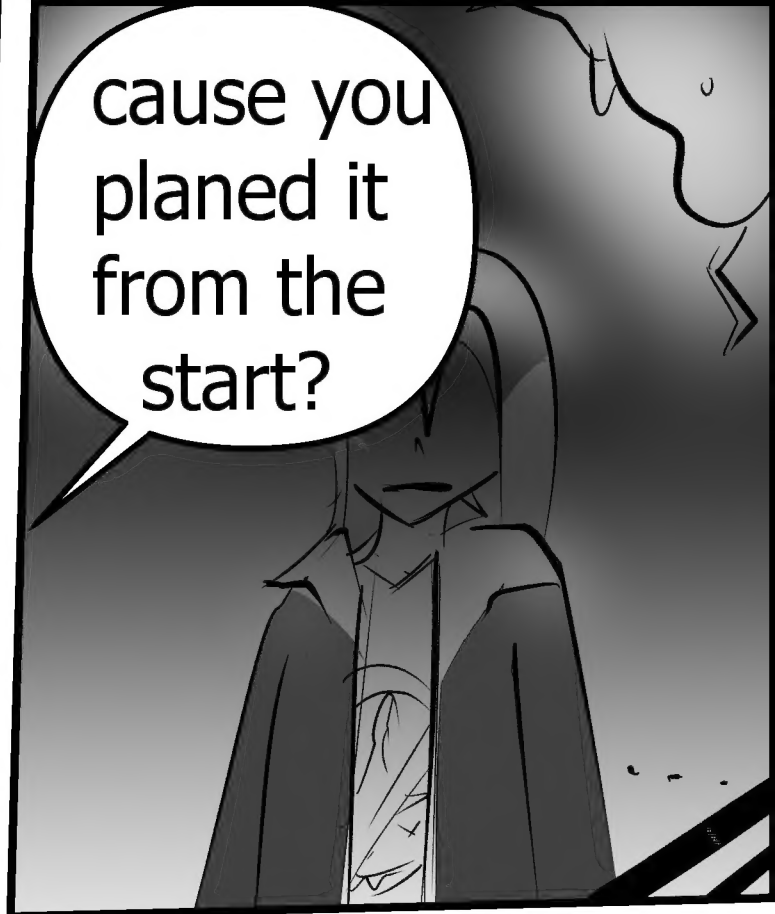

Wait that move
you pulled-

Did you let him
draw some of
the black-blood

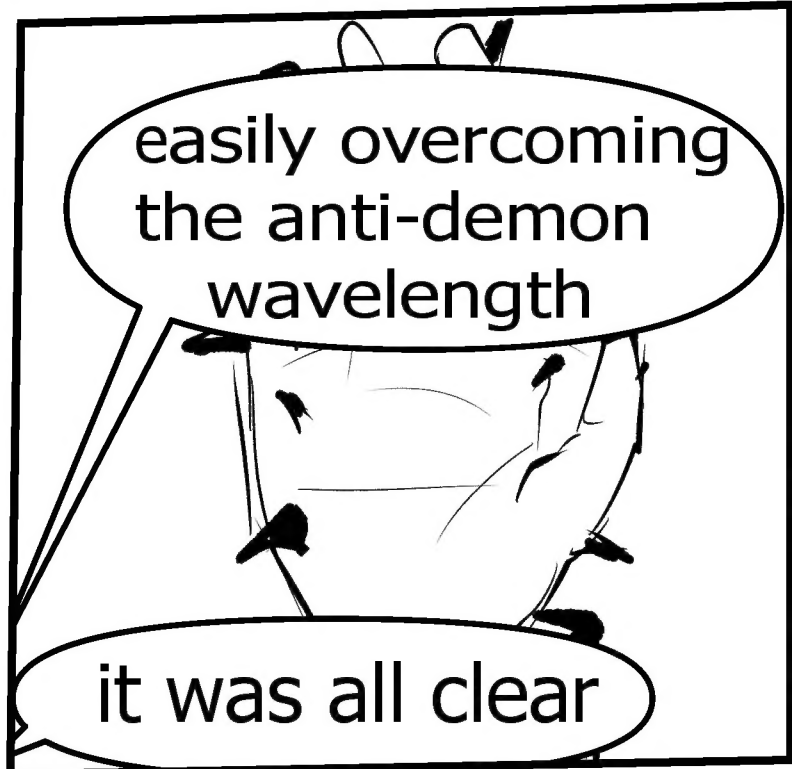

cause you
planed it
from the
start?

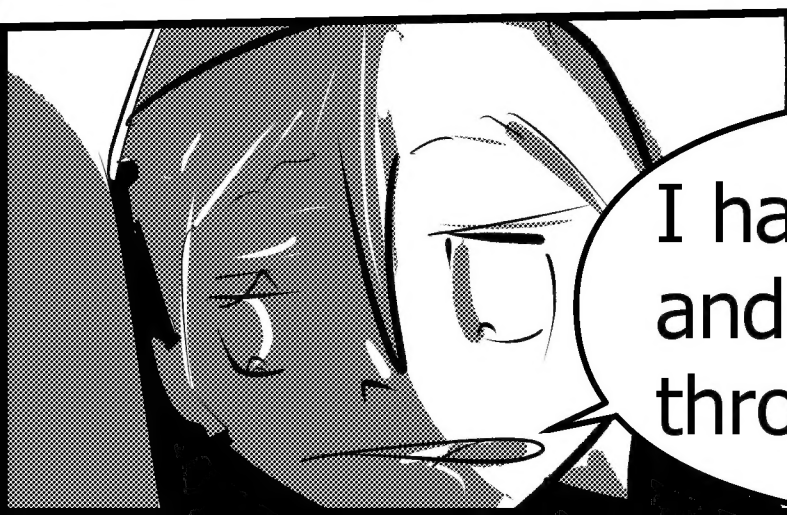

I wasn't 100 percent sure
it would actually work

but after seeing
how it could harden
again and drive
me mad so quickly

easily overcoming
the anti-demon
wavelength

it was all clear

I had to drive him mad
and agitated so it spread
through his whole body

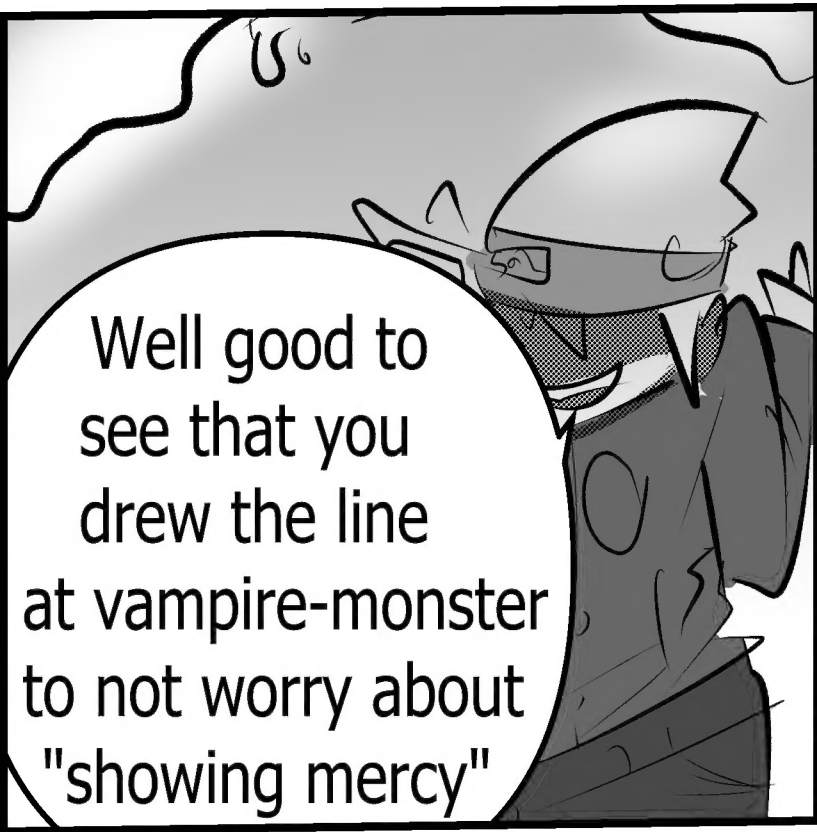

Hehe,
still we
had got
him from
the start!
guipi

See, even
your little
brain can
come up
with a
good plan!

Seems Ragnarok

wasn't completly
driven mad like
before at least

Well good to
see that you
drew the line
at vampire-monster
to not worry about
"showing mercy"

I-I still had hope

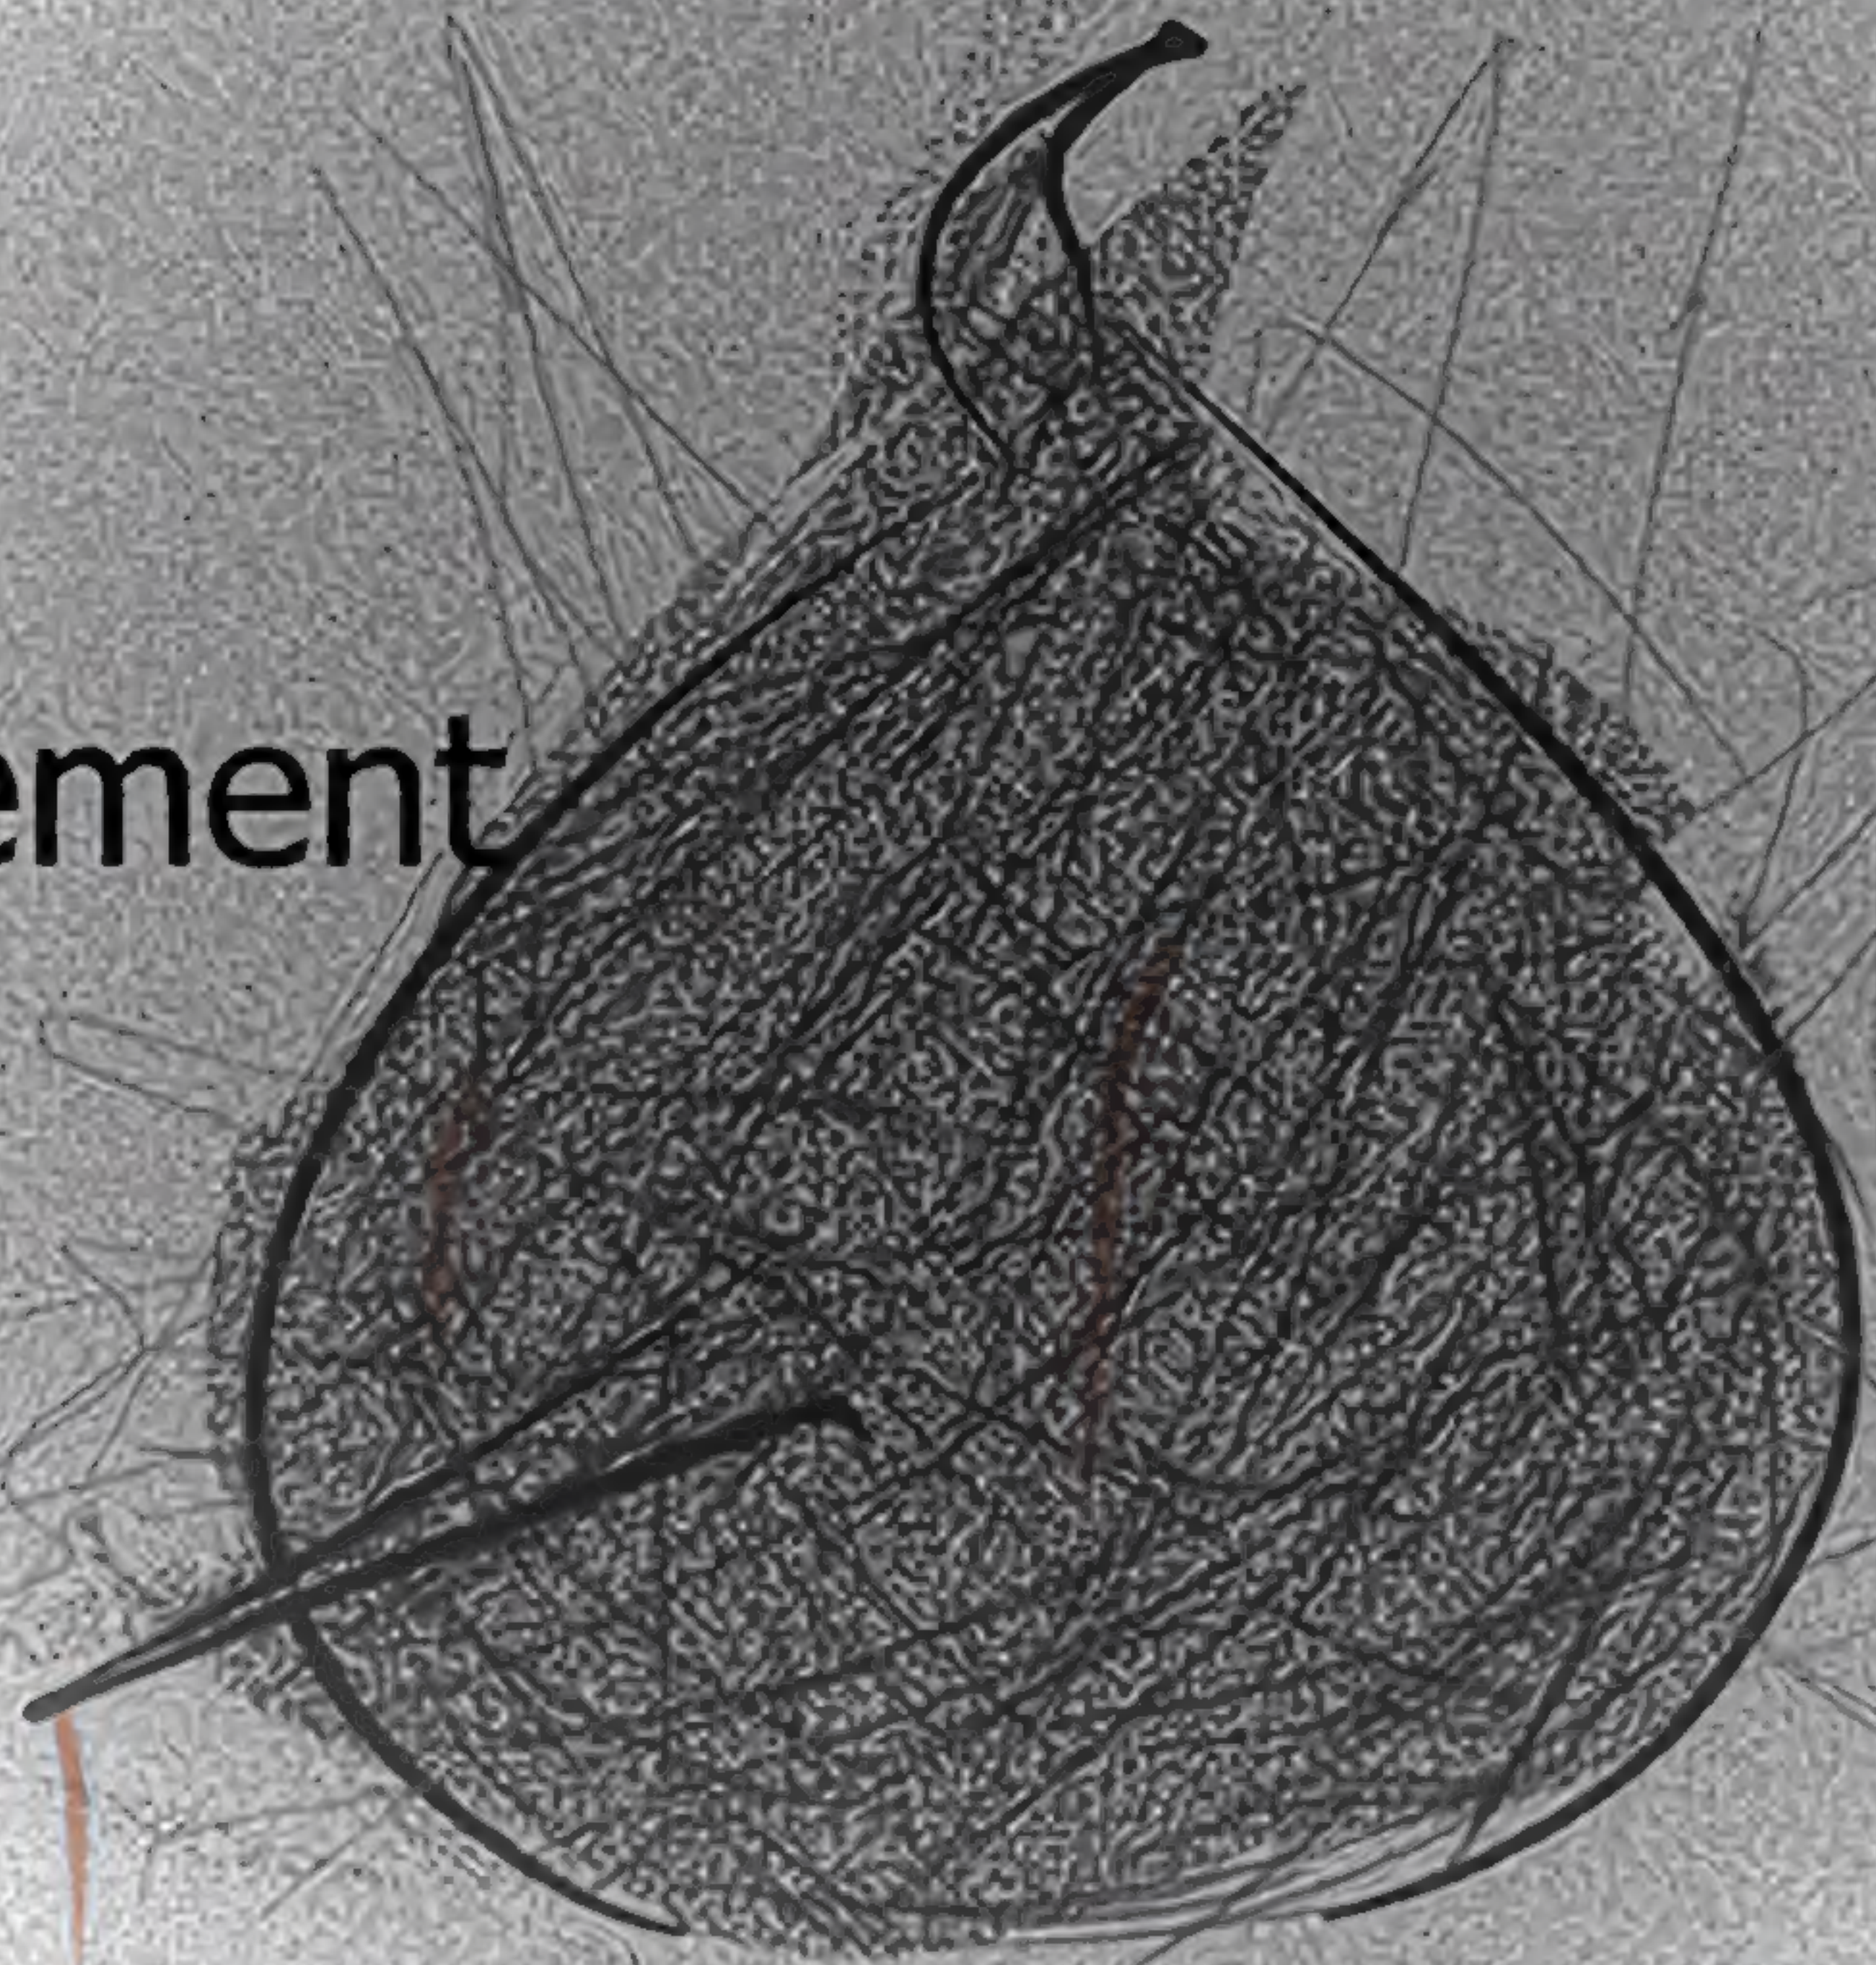

But at one moment
I saw his soul from
up close:

No single patch
of regret...

Or even shame,
nor care, love...

A soul which
rejected any
acknowledgement
of being in
the wrong

All evil it saw as good

So even with
the anti-demon
wavelength, I
doubt it would
have helped...

See, as I
said, don't
overthink it,
cause most
of them are
too far gone!

Maybe, or maybe they
were made that way...

Doomed by the
**corrupted love
of witches...**
